gold is so much needed at home ! Why should an American buy an imported Watch, which, in nine cases out of tan, will com more to keep in order for one year, than its original price, and which was never intended to keep ume under any circumstances?

Why should Americans not patronise more generally American manufactures, and thus emanci pate themselves from the thraidom of English capital, French fashious and Continental gew-The American Watch Company's Watches are

particularly adapted for soldier's use, being most substantially made, and not liable to get out of order, either in marching riding or fighting. Sold by all respectable Jewellers in the loyal Wholesale orders should be addressed to
