cal and ridiculous. A correspondent of the Boston Journal, Imitating that example, we direct the

jocular portion of our readers to this of February, says: paragraph, Allowing the point and force "The snow, in many places, is higher of the similitude-our Union compared to flat boats laden with black diamondswill our neighbors tell us what is to be come of that other black cargo to, which it alludes, after that cable shall be sep-erated? We pause for a reply: but here road the snow was actually drifted sev-eral feet higher than the top of the erated? We pause for a reply ; but here is the paragraph :

57 "SHALL THE CABLE BE CUT?"

smoke-stacks of the engines." * "A few days ago a steam tug was towing a pair of very large coal boats down the Ohio. They had got along safely several a pair of very large coal boats down the Ohio. They had got along safely several hundreds of miles, when a furious storm came up. It soon became apparent that the flat boats, with their black cargo, were buried by an avalanche of snow. In she morning the neighbors, on discovering the disaster, set to work to release the buried ones. By tunnelling forty feet med to go down; and then the que through the enormous bank, they suc-ceeded in reaching the front door of the cable, for it was plain that, unless it was out, the steamer must go down, too. In eases of that kind, men exhibit a good deal of common sense, and not an objection was offered, even by the ogners of the cosi; for it is true that "all a man hath will be give for his lite." Bo the cable was cut, the coal went to the bottom, and the tug, with all on board, was awed." arose as to the expediency of cutting the cable, for it was plain that, unless it was cut, the steamar must go down, too. In

And it is in this point of view that Vankee dealer effecting the exemption of himself and workmen from military which their principles are making; not through the subversion of the Constitution ficial upholstery; of another, a coach ficial upholstery; of another, a coachbut under cover of its authority.

The leaders of the rebellion announced their determination to "conquer or die," and the principal slaveholders in the South sc, as if they were in earnest. Look at South Carolina. In the violent portion of

are said to be now about eight thousand slaves thus abandoned in the vicinity of Port Royal, in South Carolina, every one of whom may be constitutionally set free by confiscation as a punishment of their mass ters' treason. As the Union armies ad vance into the interior, other thousand will be added to the number by the deser tion of their masters, and finally there will

be no resident population in a large por tion of the State but deserted slaves. in short, if the masters persist in their In short, it the insists pairs in the mad and causeless rebellion against the Constitution, the end will be a negro com-munity along a portion of the Southern coast, under the protection of the United

States. If the war is to be protracted by the ob. stinacy of the cotton planters, this is a re-sult which the United States cannot averi

if they would. By conflication the slaves will be set now there is a negro colony around Port Boyal, under the protection of the national

forces, and its future expansion into an organized community depends on the ob-stinacy of the planters and the events of the war. Sut thus is not all. Probably four-fifths of all the slaves in the United Biates are new law fully subject to donfinentiations. new is wfully subject to donfiscation on ac-their other property, or their lives, shall
