Because Da. Bankstruer publishes the fact of his doing shocked, and think it a great sin very immoral and fine contamination and corruption among their wives, promising sons and daughters. Their family physician should be cautious to keep them in ignorance that they do the same as Dr. BRAN-STRUP, (exceep tpublishing) lests a lucrative practice might be lost to them among stupil falsely modest and presumptuous families; born and who compare society, intelligence, sense, &c., to dollars and cents, mysteriously, meanly orilly gotten. It is to publicity, however, that numerous parents and guardians are thankful that their sons, daughters, and wards, previously feeble, sickly and of delicate condition and appearance, have been restored to health and vigor by DR.

Mr. Hopkins and the gentlemen associated with him are incapable of persecuting men for the sake of persecuting men for the sake of persecuting men for the public good, and that they did was for the public good, and that good might result from their labors. The stay law was debated at length by several of the leading members, such as Williams, Cessna, Bigham, hopkins, Smith, (of Chester,) with others. The Senate is in session to-night, passing bills. Everything is in confusion, worse confounded, yet the members are doing all in their power to accommodate their con-

stituents.

The Governor is up to his eyes in huge piles of bills to con over and sign. I made a visit to the executive chamber to day and found him in his usual good humor, all smiles, and with that dignity of manner which tells you that he is one of the best and genial of men, ever ready to oblige and perform his duty to all who may make him a call. There is no man more easy of access and none more polite than Governor Curtin.
