On Tuesday last, Sheets and Fosnaught, confined in Beaver jail, awaiting their trial for the murder of Mr. Ansley, attempted to make their escape. They had succeeded in digging a hole in the lower floor of the jail large enough to alm the lower floor assessed at \$150 and \$3 per acre. Bills ceeded in digging a noise in the tower noor of the jail large enough to admit them into the cellar, when, at their usual time, Tuesday evening, they were locked in separate ded notes in circulation amaunting to \$35. cells up stairs. They expected to find some 501; deposits, \$25,881, and capital stock Wednesday, when, in the dusk of the evening, they would go down into the cellar from whence they could pass in the yard and, without much difficulty, scale the wal and escape. Fortunately, however, the hole leading to the cellar was discovered on Wednesday morning by the watchman, Mr. John Gibson, and the plan frustrated by handcuffing the prisoners and putting them in close confinement.

The Carondolet. This gunboat, which has rendered such efficient service on the Tennessee and Mississippi rivers during the last two

months, running the blockade at Island No. 10, took quite a spirited part in the engagement, on the 19th inst., with the gunboats, with which she fought one our and ten minutes and disabled one of the enemy's boats by turdwing a fifty-pound shot into her machinery. Among the officers are several Pittsburghers, viz: First Master, E. Brennand; Chief Engi-neer, W. H. Faulkner; First Assistant Engineer, Charles H. Caven; Second Augustus F. Crowell, and Pilot, John Murray.

New Hose Carriage. The Hope Fire Co., of Allegheny, were cut on parade last evening, with their spleudid new hose carriage, which is really a beauty. It was inspected at the Town Hall by the Committee on Fire Engines and Hose. The company numbers some seventy-five effective men. They will apply to Councils, at the next meeting, for a supply of hose and permission to occupy the Ward Engine House. The "Hope" Company will soon contract for a new steam fire engine, for which they have now a large amount subscribed.

Fire in Brownsville. On last Friday night the house of Gott-lieb Klinesorger, baker, of Brownsville, took fire by accident and was, notwitstand-ing the efforts of the citizens, destroyed, together with the office of Isaac Bailey. Esq.; his books, office furniture and some valuable papers; the shoe shop of Mr. Ferguson; the shoe store of Mrs. M. Isler, and the grocery of Charles Marquis. There was no insurance except on Klinesorger's house his loss being reach a consequence.

The Coal Interest. A meeting of those interested in keeping the navigation of the Ohio river unconstructed, was heldlat the Board of Trade Booms, on Wednesday afternoon. A remonstrance against the passage of the bill libefore Congress was read, and a committee of the continuous constraints. tee of six gentlemen were appointed to procure signatures. The following were appointed: Simpson Horner, J. F. Dravo, James Watson, Robert McGraw, Frank Dorman, Daniel Smith.

A picnic is to be held at Iron City Park, for the benefit of the schools attached to St. Paul's Cathedral, on Monday next. The most extensive p eparations are being made and it will doubtle. he a very pleasand affair. Being the first of the season it bids fair to be well attended. Everything that will contribute to the amuse ment or enjoyment of those present will be provided and special trains will be run to and from the ground.

Do Not Forget.

The Hooley Minstrels, at the Theatre, are established favorites, as is evidenced by the crowds who go every evening to see and hear them. Their engagements, how-ever, will not permit them to remain longer than this week, and those who desire to see them must go either this or to-morrow svening. The bill offered for to-night is strong and cannot fail to maintain the high reputation of the Hooleys.

The "Union Rams." A correspondent of an Eastern paper writing from the Mississippi Flotilla, thus speaks of the steamboat rams, some of which were constructed here. The opinwhich were constructed nere. Ine opinion of the writer coincides singularly with that expressed by many of our citizens while they were being built here: "The long expected rams have arrived from Cincinnati and Pittsburgh. When our board that they were lying at Os-Cincinnati and Pittsburgh. When 'our boys' heard that they were lying at Oscola, the desire to see a 'ram fight' was general: but when they saw them, their sanguinity oozed out. They are ugly, ungainly, and misshapen enough to be effective. They are six in number, all sternwheel except one, (the Lancaster No. 2.) and were formerly towboats. I would not attempt to judge of their efficacy without inspecting them, but they certainly look very harmless. They have no guns, a sharp prow and a protected pilot-house; but the wheels are exposed, and the boil.

Double Track. The Pittsburgh and Manchester Passenger Railway Company havelaid a double track along Western Avenue, from the Common to Bagaley's Lane, and it is now being extended across the Common to Ohio street. In a short time there will be an unbroken line of double track from St. Clair street to Bagaley's Lane, which will much facilitate the business of the company and add to the public convenience. We are glad to note the improvement.

The time and place for the meeting of the next General Assembly of the U. P. Church has been fixed for the fourth Wednesday of May, 1863, at Xenia, Ohio. Sacred Concert. We hear incidentally that a concert o sacred music is to be given in St. Paul's

Cathedral, next week, under the direction of Prof. Wamelink, Court. The June term of our Criminal Court commences on Monday next. The calender will be very light and the term promises to be even shorter than the last.

WE notice the much taiked of C. S Bates, the only genuine blacking man, is giving his brilliant soriese nightly at the corner of Fifth and Market streets. It is rare fun to hear him.
