Induced by the extensive sale and universal popularity of Hoefland's German Bitters, (purely vesetable) hosts of ignorant quacks and unsertapulous adventurers, have opened upon suffering humanity the flood gates of Nostrums in the shape of poor whisky, vilely compounded with injurious drugs, and christened Tonics, Stomachies and Bitters.

Beware of the innumerable array of alcoholic preparations in plethoric bottles, and big-bellied kees, under the modest appellation of Bitters; which; instead of caring only agaravate diseases, and leave the disappointed sufferers in despair.

Although not dispused to Invor or recommend Patent Medicines in general, through distrust of their ingredients and effects: I yet know of no sufficient reason why a man may not testify to the benefit the believes himself to have received from any simple preparation in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced significant them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend Robert Shoemaker, I am indebted to my friend Robert Shoemaker, I am indebted to my friend Robert Shoemaker. The use of three bottles of these Bitters, at the beginning from great and long continued by Proper tests, and for enceuragement to try them, when suffering from great and long continued by Proper tests, and for enceuragement to a degree of beginning of the present year, was followed by evident relief, and restoration to a degree of bodily and mental vigor which had not field for aix months before, and had almost depaired of regaining. I therefore thank thom and my friend for directing me to the use of them.

DR. C. M. JACKSON - Sir:—It gave me pleasure, what the German Bitters had done for me. I am now perfectly cured of—all those diseases your medicine professes to cure, viz. Dyspepsia. Chronie and Mervous debility, disease of the Kidneys, &c. The powerful influence it exerts upon Nervous prostration is surprising. I have been consulted frequently in reference to your Bitters, and without hestiation, have recommended it for the effectually cured. Your medicine has a great reputation in Germantown, and is seld in every instance it has reputation in Germantown, and is seld in every hore. If any one should question what I say, let them come to Germantown, and I will prove to their estimate the Bitters have cured in this vicinity more than twenty cases of the above dimeases.

Du. C. M. JACKSON—Dear Sir. While in Virginia, owing to the change of water. I was taken with a severe diarrhoea, which seemed incurable, and, which greatly weakened me. When we reached Martinsburg, I seared I should have to come home: but noticing some of your Bitters in the store Mr. H. Price, in that town, I purstored to health. The diarrhoea was quickly checked, and I experienced no return of it. Dr. Jackson-Dear S.r.:—I have been frequently requested to connect my name with commendations of different kinds of medicine, but, regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoof-land's German Bitters, I depart from my usual course, to express my fall conviction that for greneral debility of the system, and especially Liver Complaint it is a safe and valuable proparation.
