Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects: I yet know of no sufficient reason why a man may not testify to the benefit he believes himself to have received from any simple preparation in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoof. Ransi's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture, if am isochied to my friend Robert Showmaker, Eas, for the removal of this prejudice by groper tests, and for encouragement to try them, when suffering from great and long continued debitiv.

The use of three bottles of these Bitters, it has beginning of the present year, was followed in suffering from great and long continued debitiv.

Mandona,

Dr. C. M. JACKEON - Sir.—It gave me pleasure, two years ago, to give you a certificate, testifying what the German Bitters had done for me. I am now perfectly cured of all those diseases your medicine professes to cure, vin Dyspepsis, Chronicand Marvous debility, disease of the Kidneys. Ac. The powerful influence it exerts upon Nervous prostration is surprising. I have been convince frequently in reference to your Bitters, and without hesitation, have recommended it for the above complaints, and in every instance it has effectually cured. Your medicine has a great reputation in Germantown, and is sold in every Drig Stere, and in most of the Grocery stores have. If any one should question what I say, let them some to Germantown, and I will prove to their atiefaction, that the Bitters have cured in this vicinity more than twenty cases of the above diseases.

READ THE TESTIMONY FROM THE ARMY Da. C. M. JACKSON—Dear Sir. While in Virginia, owing to the change of water, I was taken with a severe diarrhora, which seemed incurable, and which greatly weakened me. When we reached Martimsburg, I feared I should have to come heme but noticing some of your Bitters in the store Mr. H. H. Price, in that town, I purchased a supply, and on taking it was speedily restored to health. The diarrhora was quickly checked, and I experienced no return of it. A number of my comrades, who suffered in the same manner and from the same cause, with whom I shared the Bitters, join me in this certificate. I expect to return to the seat of war with the Legion, and shall certainly take a supply of the Bitter is my knapsack. I would not be without it for its weight in gold, particularly on going into a limestone region. PHILADELPHIA, August 12, 1962.

Guerrilla Warfare in Florida.

The Savannah Republican, of the 23d. "We learn from a gentleman just arrived from Florida, that on Monday two of the enemy's gunboats visited Palatka, and landed about fifty men, who remained some five hours. They then withdrew and went in the direction of Welaka, in search of some naval stores, belonging to a man named Gardner. The naval stores, however, had been previously destroyed.—When within fifteen miles of the latter place, Capt. Stevens' company of cavalry, who were in ambush awaiting their approach at Horse Landing, poured a volley into them, killing twelve of their number. J. W. Bryant, (formerly a lawyer of Jacksonville, and subsequently editor of the Cuban Messenger,) Federal Military Governor of Florida, was on board one of the gunboats.
