Eittle vo-that T General Carroll and myself went to the the hands of the engineer, just as truly as a man's property is in the hands of the firemen. It is necessary, then, that this class should be trustworthy and men of respectively.

Rebel Maranders Shot. them with effect and Capt. Huntington's guns were son doing the same good work.
Two companies of skirmishers and two
regiments of infantry were ordered into capability. If any of our citizens take a stroll to the depot about car time, they regiments of infantry were ordered into the woods to counteract this movement of the enemy. The fire of our shirmishers was soon heard and I ordered two more regiments to their support. A sharp fire was kept up in the woods, for a few moments only, when the enemy retired and ments only, when the enemy retired and was soon seen coming out of the woods,

> This is the title of a new book on an interesting subject by a practical man. John Phin, who gives the deductions of his own experience and of others in the management of the grape in the open air in our climate. His work is a seasonable one, inasmuch as the attention of our mounted climate. His work is a seasonable one, inasmuch as the attention of our people has been much turned of late to the cultivation of different varieties of hardy American grapes desirable for the table or adapted to the making of wine. The plan of Mr. Phin's book is very thorough, and treats of everything relating to the grape, from the preparation of the soil in which the vine is to grow to the manufacture of from the preparation of the soil in which the vine is to grow to the manufacture of wine from its fruit. It appears to us to he well executed. An appendix gives an account of several large vineyards in the United States. C. M. Saxton, of New York is the publisher and Pay J. Knoy York, is the publisher, and Rev. J. Knox has it for sale Preserve Your Eyes.

We refer those who require from old age or infirmity, "helps to read," to the advertisement of J. Diamond, optician, who has recently established himself in the Post Building. He sells the celebrated Russian pebble spectacles, selected scientifically, according to the condition of the eye, to suit all ages. He also fills old frames with the Russian pebble, which the Russian pebble, which is now taking the place of all other materials for spectacle glasses, having been found superior to anything heretofore produced.

North British Review. The May number of the North British Review, American edition, has been placed on our table by Henry Miner, Fifth street, next door to the Post Office. It contains a series of interesting articles, from which a series of interesting articles, from which the reader can gather much reliable infor-mation. "The Early Poetry of England and of Scotland" will be particularly at-tractive to the literateur. The North British is one of the most popular of the British quarterlies.

WM. SUMNER & CO.

SOMETHING NEW AT

I would invite the attention of ladies and gentlemen to that beautiful piece of art so much exteemed of late called the LLUSION PARTING, and my mode of inserting the same in Wigs and Madoana Bands.

It gives them a light and life-like appearance hitherto unattained; I have also just received a large and carefully selected stood of the best French Hair, purchased for cash, and my motto is quick sales and small profits.

CAMERON'S EXTRACT OF FLOWERS, or Bottanic Cream, for softening and beautifying the hair, is too well known to need comment. Also, my new HAIR WASH for family use; it prevents the hair from falling out and getting prenaturely inl, white and healthful skin; If so, get beautifor my plot will preserve your beauty in the halful out door exercise. This is no humbus, but will preserve your beauty old age.—

Discard all poisonous skin paints. To old age.—
