

The Union as it was! The Constitution as it is! THURSDAY MORNING, JUNE 19.

DEMOCRATIC COUNTY CONVENTION.

The proceedings of the Convention, held yesterday, in the Court House, will be found in the local department of our paper. The attendance, simply to elect delegates to a State Convention, considering the awful condition of the roads, and the torrents of rain commencing the evening before and continuing all of yesterday was unprecedentedly large.

AN INSIDE VIEW.

The late Col. Benton, in receiving, in the name of Congress, the sword worn by Gen. Jackson in the battle of New Orleans, gave what he called an inside view of the manner in which the General received his commission from the government.

Democratic Resolutions.

The following sensible and patriotic resolutions were unanimously adopted by the Democracy of Ohio township. The National Democracy will endorse them.

Resolved, That the Democratic party has always recognized the Supreme Authority of the Government, and always performed the co-terminous duty of obedience.

Resolved, That the Democratic party has always recognized the Supreme Authority of the Government, and always performed the co-terminous duty of obedience. In times of foreign war and domestic violence, it regards this duty as most sacred, and, therefore, has during our political existence always been on the side of the country.

Forney, who up until the day

breckridge openly joined the conspirators, was that rebels most abject leader and flatterer alludes to him now as follows: "Rebels have only proved that if Breckridge had been elected, four years would have found the free States of this country in a state that which was controlled by the institution of slavery."

All the halls, small caps and exclamations in this paragraph, are Forney's own. Emphatic, however, as they are, they do not inform us how that "slave monarchy" was to have been established. Was the constitution to be destroyed, the rights of the States crushed out, and an empire proclaimed? and, if so, how was it to be done?

The Thirty-First Pennsylvania at Fair Oaks.

We have always believed in rendering "honor to whom honor is due" and therefore cheerfully give place to the following card from Colonel H. Williams, of the Thirty-first Pennsylvania, to place his regiment "right on the record":
