NO ALCOHOL OR BAD WHISKY!

They will cure the above diseases in ninety-nine asse out of a hundred.

Induced by the extensive sale and universal popularity of Hoofland's German Bitters, (purely vegetable) hosts of ignorant quacks and unscrupulous adventurers, have opened upon suffering humanity the flood cartes of Nostrums in the shape of poor whisky, vilely compounded with injurious arrags, and christened Tonics, Stomachics and Bitters.

Beware of the innumerable array of alcoholic Beware of the innumerable array of alcoholic preparations in plethoric bottles, and big-beilied kees, under the modest appellation of Bitters; which, instead of curing only aggravates diseases, and leave the disappointed sufferers in despair, DO YOU WANTSOMETHING to STRENGTH-EN YOU! Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects. I yet know of no sufficient reason why a man may not testify to the benefit he believes himself to have received from any simple preparation in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefy an alcoholic mixture, I am indebted to my friend Robert Shoemaker, Eaq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by svident relief, and restoration to a degree of podily and mental vigor which I had not felt for its months before, and had almost dopaired of regaining. I therefore thank God and my friend for directing me to the use of them.

From the Rev. Joseph H. Kennard, Pastor of the Tenth Baptist Ghurch.

Dr. Jackson -Drar S.R:-I have been fr quently requested to connect my name with commendations of different kinds of medicine, but repardirg the practice as out of my appropriate sphere, have in all cases declined; but with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart from my usual course, to express my full conviction that for general debility of the system, and especially Liver Complaint it is a safe and valuable preparation. In some cases it may fail, but usually I doubt not it will be very beneficial to those who suffer from the above causes. Yours very reopectfully.

THE ANDREWS PATENT PIPE.

PREQUIBES ONLY A TRIAL TO prove its incomparable superiority to any pipe now in use. It may be smoked without only deterrious or unpleasant effects, as the oil of to-bacco is not drawn into the mouth, and the tongue does not become furred or coated from inhaling its poisonous properties. The bowl is made of the finest Devonshire clay, and gives to the to-bacco cannot become moist, as in ordinary Pipes, because the drip beneath receive the saliva that insensibly escapes into the stem: hence the pipe never becomes offensively rank, and the breath of the smoker does not proclaim to every one he useds that he has been "indulging in a pipe."

When the bowl becomes clogged, or the drip beneath requires cleansing, the pipe may be taken apart by removing the rim. The clay bowl may at any time be re-tored to its original whiteness by burning in the fire, (first drying it thoroughly) or a new bowl may be procured of the dealer.
