o that all persons prosecuting claims against the government before any of the departments might take the same oath, and then passed.

Mr. Hale, of N. H., from the Committee of Conferences, on a bill for the better government of the navy, made a report which was agreed to.

Mr. Wilson introduced a bill in relation to military hospitals.

Mr. Wilson also called up the bill amendatory of the act of 1795 calling for the militia, &c., offered a substitute for the bill.

The Senate at five o'clock took a recess till 7 p. m.

EVENING SESSION.

The President pro tem laid before the Senate a message from the President, transmitting draft of a bill to compensate any State abolishing slavery. The bill read the same as sent from the Senate to the House.

Mr. Powell wanted to know if it was in order for the President to introduce a bill in the Senate.

The President pro tem said he had no comments to make on the propriety or character of any communication the President choses to send to the Senate.

Mr. Sumner moved the President's message and bill be referred to the Committee on Finance. Agreed to.

Mr. Sumner then offered a resolution that the resolution adjourning Congress on Wednesday, 16th, be reconsidered, in order to have time to legislate properly on this message and other subjects. Objected to and laid over.

On motion of Mr. Foster the bankrupt bill was taken up.

Several amendments were made, and the bill made the special order for the second Monday in December.

Mr. Grimes called up the bill in relation to letters of marque, prizes and prize goods. He moved a substitute for the bill, which was adopted and the bill postponed till to-morrow.

Mr. Powell called up the bill to prevent members of Congress and officers of the Government taking any consideration for procuring contracts, place or office, which was returned from the House with amendments.

The amendments were concurred in and the bill passed.

The Senate then went into executive session and adjourned.

HOUSE.—The Senate's resolution providing for an adjournment of Congress on Wednesday, was passed.

Mr. Stevens, from the Committee on Ways and Means, reported a bill making appropriation for sundry civil expenses. It is similar to that laid on the table on Saturday, with the exception that no provision is made in the former for the purchase of the annals of Congress, which was the cause of its rejection.

Mr. Mallory, of Kentucky, moved to strike out the clause appropriating half a million to carry out the colonization project contemplated by the District of Columbia and confiscation acts, the same to be reimbursed to the treasury out of the sales of confiscated property.

Mr. Stevens said this appropriation was rendered necessary by the terms of these laws themselves.

Mr. Mallory's amendment was disagreed to; yeas 41, nays 70.

The bill was then passed.

Mr. Stevens, of Pa., from Committee on Ways and Means reported a bill imposing an additional tax of one cent per pound on sugar under an internal law. A proviso was added that the proposed tax of one per cent. should not apply to sugar manufactured from sorghum. The bill was then passed by three majority.

The project of a slave emancipation bill recommended by the President in a special message was laid before the House and was referred to the Select Committee on the Abolition of Slavery in the Border Slave States with leave to report at any time.

Mr. Colfax asked and obtained leave to introduce a bill to reduce the rates of mileage of members of Congress fifty per centum, to be computed by the most usual and directly traveled route to and from the residence of members.

Mr. Aldrich submitted a substitute that all laws, and parts of laws, giving mileage to members be, and they are hereby, repealed.

Mr. Thomas offered the following amendment: "that this provision shall apply to the present Congress, and the mileage already received for the same."

Mr. Cox, of Ohio, moved that the House adjourn in order to stop this buncombe. Negatived.

Mr. Phelps, of Mo., moved to lay the bill on the table. Not agreed to.

Without concluding the subject the House adjourned.

WASHINGTON, July 14.—The Committee on Ways and Means has a recommendation before them urging the necessity of Congressional Legislation to relieve the specie market. No official action of the Committee has yet been taken upon the subject but it is known that some of the members are opposed to the project, preferring to leave the matter to care for itself, others are in favor of issuing two and a half dollar Treasury notes.

Col. Frank P. Blair, jr., left Washington for Missouri, to proceed at once to the work of raising a brigade.

The Pennsylvania delegations of both houses held a meeting in the Speaker's room at the Capitol to-day, upon the subject of returning the sick and wounded soldiers of that State to hospitals in Pennsylvania. Gov. Curtin, who was present, stated that the order had been issued, but that the President refused to sanction it. The meeting delegated representative Covode to wait upon him and request him to authorize the order to prevail.

Mr. Covode subsequently reported that the President said he appreciated the motive which actuated the gentleman from whom the request came, and promised he would give the subject his careful attention, and grant the request of it. It could not seem to prove detrimental to public interests.

The members of Congress from the Border Slave States met to-night, but did not conclude their business. It seems certain, however, that while they write, they, with perhaps half a dozen exceptions, will not endorse the President's emancipation scheme; they will, nevertheless, propose its respectful consideration to their respective States.

DISEASES OF THE THROAT AND LUNGS.

CATARRH, SORE THROAT, BRONCHITIS, ASTHMA, CONSUMPTION.

I take this means to inform the public, and all those patients suffering from **Diseases of the Throat and Lungs**, that I have arrived in Pittsburgh, and taken rooms at the

MONONGAHELA HOUSE,

Where I may be consulted for a limited time.

In regard to **Bronchitis, Asthma, Consumption**, diseases which are so fatally interesting to a large portion of mankind, and evidently *on the* increase in the United States of America; it is desirable that correct ideas should exist so far as the present advanced condition of medical science can furnish them.

We know that in all diseases a timely application of rational remedies is more than half the battle, and the aphorism which teaches that "prevention is better than a cure," applies with peculiar force to the case of Consumption, which, if once FIRMLY established, rarely, if ever, gives most sedulous care.

Let all, therefore, who have reason to apprehend the evidence of the seeds of the disease (scrofulous diathesis) in themselves or their children, get fail to obtain such salutary advice, with reference to the regulation of their diet and the preservation of their health, as my long experience enables me to give me.

Positively no fee for examination of the Chest and professional advice.

☞-Office hours from 8 A. M. to 7 P. M.

DAILY POST.

S. M. PETTENGILL & CO., NO. 37 PARK ROW, NEW YORK, and **6 STATE STREET, BOSTON are our agents for the Daily and Weekly Post** in those cities, and are authorised to take Advertisements and Subscriptions for us at our *Lowest Rates.*

TUESDAY MORNING, JULY 15.

CITY AND NEIGHBORHOOD INTELLIGENCE.

"Currency" Meeting at the Merchants' Exchange.

On Monday morning at ten o'clock, pursuant to call, a number of our merchants, brokers and retail dealers, assembled at the Board of Trade Rooms, to take some action with regard to the scarcity of small change and to provide a remedy.

The meeting was organized by calling Isaac Jones, Esq., to the chair, on motion of Mr. James Robb.

Messrs. D. O'Neill, Wm. Anderson and H. H. Smith were chosen Secretaries.

Geo. H. Thurston read the call for the meeting, which was "for the purpose of taking into consideration the threatened inundation of shinplasters upon this community, by unlawful associations of men."

John S. Cosgrave, Esq., stated that the issue of shinplasters was illegal, and proposed that the law on the subject, and the punishment for its violation, be read.

Dr. E. D. Gazzam expressed himself as strongly opposed to the issue of "shinplasters," and proposed a remedy by offering the following:

Resolved, That the true policy of the people is that specie should be received at its market value and paper money at its market value, in all business transactions; and as silver money is now worth ten per cent more than paper money, five cent pieces should pass for 6 cents, dimes for 11 cents, twenty-five cent pieces for 30 cents and half dollars for 55 cents.

Mr. Cosgrave now offered the following as an amendment to Dr. Gazzam's resolution, which was accepted by him and unanimously adopted:

Resolved, That this meeting, representing the wishes of the mercantile and manufacturing interests of Pittsburgh, declare it impolitic and inexpedient to countenance the issue or circulation of any description of paper, in the semblance of money, in any amounts less than one dollar; or by any other than legally constituted corporations.

The original resolution of Dr. Gazzam was then taken up and passed. The irregularity of the scale of premiums gave rise to some desultory discussion, when a reconsideration of both resolutions was moved and carried.

Mr. Cosgrave then offered his as a substitute for the first, and as such it was unanimously passed.

Dr. Gazzam then moved the passage of his own resolution, amended by striking out all after the word "transaction."

The vote at first was undecided, and a division was called, when Dr. Gazzam rose and made an effort to be heard, but was, after repeated efforts, put down by cries of "order," "question," hisses, &c. The division was taken, and the resolution was lost by a large vote—after which the meeting adjourned.

After the adjournment, Dr. Gazzam, evidently severely nettled at the fate of his resolution, mounted the rostrum and began an excited speech, which was not listened to by many. As the audience left the hall, we heard him talking of "treason in the North," "the Pennsylvania Railroad carrying millions of contraband goods to 'neutral ports,'" "Safety Committee," "powder shipped to Wellsville," &c.

The Law against 'Shinplasters.'

In view of the proposed issue of shinplasters by associations and the agitation of the public mind on the subject, we publish the law prohibiting such issues, from Purdon's Digest, 1861, p. 94:

"No incorporated body, public officer, association or partnership, or private individual, other than such as have been expressly incorporated or established for the purpose of banking, shall make, issue, reissue or circulate any promissory note, ticket or engagement or credit in the nature of a bank note, of any denomination or amount whatsoever, other than such as have been issued by banks lawfully and expressly established; and from and after the 1st day of May next (act of 22d March, 1817) no such incorporated body, public officer, association or partnership, shall receive any such note, ticket, or engagement of credit other than those above excepted, or those made and issued by it or himself, or under it or his immediate authority, and that for the mere purpose of cancelling or destroying of the same, under the penalty, in the case of a public officer, of ten dollars, and in the case of a corporation, association or partnership, fifty dollars for each and every note so made, issued, re-issued, paid or received, to be recovered by any person or persons suing for the same, before any alderman or justice of the peace of this Commonwealth, as debts under one hundred dollars are by law recoverable.

Another law, passed in 1849, prohibits the issue of shinplasters by municipal corporations, in the following section:

"That if any officer or officers, agent or agents of any municipal corporation within this Commonwealth, shall be instrumental in, or consent to, or connive at the making, issuing of any note, bill, check, ticket, certificate or order, in the nature or similitude of a bank note, or intended to be used as a currency, he shall be deemed to be guilty of a misdemeanor, and upon conviction thereof in any Court having jurisdiction of the offense, shall be fined in any sum not exceeding one thousand dollars for each offense, for the use of the county, and be liable to imprisonment in the county jail for a term not exceeding six months, at the discretion of the Court."

The law of necessity may override both these enactments, but it will be well enough for the people to know exactly what the law is under any circumstances.

Pittsburgh Female College.

Owing to the pressure of business we have failed to call the attention of our readers to the Seventh Annual Catalogue of the Pittsburgh Female College, a copy of which has been laid upon our table by the President, Rev. I. C. Pershing. We have frequently called attention to the claims of the college and its prosperity, and yet we confess to some astonishment, that, notwithstanding the excitement of the times, and the dark forebodings which were entertained twelve months ago, the attendance during the past year reached *two hundred and forty-eight*. And this, too, in an institution which receives females only. The truth is, the college is one of the very best in the country, and commands patronage, by the talent and ability of the the Faculty, and superior advantages it affords for obtaining a thorough, solid, and ornamental education. It gives its pupils a thorough training, not a mere smattering, and its graduates are eminently successful as teachers. The college is conducted on the most liberal principles, and is an ornament to the city, and should receive the hearty support of every Pittsburgher. All that is needed is the hearty support of our citizens to make both the college and University an honor to the city and our whole country.

We understand that the most ample arrangements have been made for the coming year. Most of the former teachers have been retained, and one or two new ones elected, who come with the highest recommendations. An addition has been made to the Faculty, in order to accommodate the increasing number of pupils.

We might truthfully say more did we deem it necessary. The next term will commence September 2d. We advise those who are not familiar with the college to send for a catalogue.

Meeting of City Councils.

The Councils held a special meeting last evening.

In Select Council—All the members present except Messrs. Duncan, Lutton, Miller, Phillips, and Quinn. President M'Auley in the chair.

A special committee, of the members from the Fifth Ward, to whom was referred the petition of Messrs. Knap, Rudd & Co., asking leave to lay a switch from their works (the Fort Pitt Foundry) to the Allegheny Valley Railroad, to facilitate the shipment of heavy ordnance, reported an ordinance granting the privilege asked on the annual payment of $175 to the city and agreeing to keep the street clean and to remove the track whenever required, after the termination of the war. The ordinance was read three times and passed.—C. C. concurred.

A resolution instructing the Street Committee to have the sewer-mouth on Mechanic street extended to the opposite corner, was referred to the Street Committee.

Mr. McCarthy presented an ordinance providing that hereafter all water rents assessed on premises beyond the city limits shall be double the rates within the city, unless used for manufacturing or mechanical purposes. Referred to Water Committee.

The Council concurred in all business of Common Council.

Adjourned.

In Common Council—Pres't McCandless in the chair, and all the members present except Messrs. Armstrong, Colville, Diamond, Hayden, and Zelhoffer.

The business of Select Council not reached in C. C. at last meeting was taken up, and the action of Select Council concurred with in all cases.

A petition relative to the storage of oil opposite the First Ward School House, referred to a new committee on oil, came back from Select Council with a non-concurrence and was laid on the table.

Mr. Irvin offered a resolution providing for the erection of a close fence, four feet high, around the lower basin, which was referred to the Water Committee.

Mr. Roberts offered a resolution instructing the Ordinance Committee to report an ordinance to Councils prohibiting the storage of rock oil in large quantities and not at all in specially dangerous localities—also giving the Street Committee power to act in the premises. Read three times and passed.

A resolution by Mr. O'Neill, instructing the Recording Regulator to examine into the condition of the streets traversed by the Pittsburgh and East Liberty Passenger Railway, with a view to revoking the right of way given to the Company, under the third section of the ordinance.

The Council concurred in all the action of Select Council.

Adjourned.

Capt. Foster in a Picket Skirmish.

We see published the official report of Lt. Col. Thonrot, of the 55th New York, who commanded that regiment in a recent picket skirmish between some companies of Gen. Howe's (late Gen. Peck's) brigade, and the rebels. We find in it the following mention of a gallant brother of the quill:

"I cannot refrain from here expressing my admiration of the cool and daring conduct of your acting assistant Adjt. Gen., Capt. J. Herron Foster, whose bearing under a terrible fire, and in a most exposed position, was brave in the extreme."

Another account gives the Captain great praise for coolness and courage—adding that he has much improved in horsemanship, which has been to him one of the "lost arts."

Pennsylvanians at Mill Creek.

The following is a list of the Pennsylvania patients at Mill Creek Hospital, and the deaths up to this date: John Fout, M, 102d, died June 11; John Bowman, A, 103d, thigh and fracture: Charles Barclay, B, 104th, died June 11; James Tumey, K, 105th, died June 8th; Joseph Williams, B, 105th, died June 8th; Geo. Divens, I, 104th, died June 10; Peter Strickland, A, 57th, died June 17th; Michael Beer, B, 57th, died June 26th, Jonathan Baker, F, 61st; died June 19th; Samuel Seiger, G, 8th, wounded in breast: John W. Douthitt, K, 9th; wounded in hand; John D. Dain, E, 9th; wound in side; Francis Graham, E, 8th, wound in nose; Robert H. Kells, G, 9th, wound in leg.

New Spurious Bill.

Yesterday, after banking hours, an attempt was made to "shove" new spurious $2 bills on the Bank of Pittsburgh in several parts of the city, and a number were successfully passed. The bills are well executed; the centre vignette is a train of cars, and on one end is the head of Franklin. The signature of the President and Cashier are poorly executed, an accurate description is unnessary, as the Bank of Pittsburgh has no 2's in circulation and a knowledge of this fact will be a perfect safe guard against being deceived.

Adjutant Neeper.

A friend, who has just returned from Baltimore and Fortress Monroe, informs us that he saw Adjutant W. B. Neeper, of the 57th regiment, on Saturday, and that although he had been very ill, he was then improving rapidly, and would soon be convalescent. Adjutant Neeper served with his regiment before Yorktown, was in the battle at Williamsburg, the subsequent movements, and at Fair Oaks, bearing always an honorable part.

Heavy Robbery.

On Saturday night the store of Jacob Diamond, optician, Fifth street, in the *Post* building, was entered through a door in the hall, from which the thief removed a panel, and goods to the amount of $1500 taken, consisting of eight gold watches and a lot of gold, silver and albata spectacles. Mr. Diamond offers $100 reward for the detection of the thief and the recovery of the goods.

The Canal.

The Huntingdon *Globe* says that the repairs are so far advanced that the canal from Hollidaysburg to Williamsburg can will be opened for the passage of boats about the 25th of this month. From Williamsburg dam to Huntingdon dam the waters will be drawn off on the 1st of August, and that part of the canal will probably remain closed during the remainder of the season.

Col. R. Biddle Roberts.

A Washington dispatch says: "The President has nominated to the Senate Col. R. Biddle Roberts, of Pittsburgh, Pa., for Brigadier General of Volunteers. Col. Roberts commanded the First Pennsylvania Reserves during the conflict before Richmond, and is promoted for gallant conduct on the field."

A Pittsburgh Printer Killed.

Among the list of killed in Co. G, Col Black's regiment, we observe the name of Wm. G. Fawcett, who was for some time prior to his enlistment a compositor in the *Post* news office. His relatives reside in Beaver county.

Terrible Accident.

Last week, at Homewood Furnace, Beaver county, Samuel Long was instantly killed by the bursting of a cannon which he was firing, the pieces tearing out his bowels and cutting his body in two. Deceased, who formerly lived at New Castle, worked at the furnace.

A Bucktail Brigade.

Maj. Roy Stone, of the First Pennsylvania Rifles, has received authority to recruit a brigade, and will at once proceed to the "backwoods" for that purpose.

DR. VAN BUREN can be consulted daily at his rooms in the Bank Block, Fifth street.

Tarentum Camp-Ground.

The committee appointed to supervise the Tarentum camp-meeting will meet the lotholders and others interested, on the ground, on Thursday morning, 31st inst.

The Philosophic Burner.

HAYDEN'S NEW DOUBLE-ACTING Philosophic Burner for Carbon Oil is now ready. It possesses many advantages over the Common Burners.

1. It makes a large or small light with perfect combustion.
2. It will burn any quantity of oil with safety.
3. It can be used with a long or short chimney.
4. It can be used as a taper night-lamp.
5. It can always be made to burn economically.
6. It is more easily wicked than any other burner.
7. It can be trimmed and lighted without removing the cone.
8. It throws all the white light above the cone.
9. The chimney can be removed or inserted without touching the glass.

These burners are the common No. 1 size, and can be put on any lamp now in use. Every person using Carbon Oil should have a Philosophic Burner. Price 25 cents; per dozen $2. Sold at No. 82 FOURTH street, Pittsburgh.

jy14 No. 51 Market street.

Universal Clothes Wringer.

THE "UNIVERSAL CLOTHES WRINGER" has been in use in my family two months. It certainly saves much hard work. It *saves clothes also*, for garments that are getting old and worn are never cracked or torn by it, as they are sure to be when wrung by hand. I therefore cheerfully recommend it as a valuable family assistant. LUCY STONE.

Pittsburgh, July 9, 1862. jy11tf

Trustees' Sale.

BY VIRTUE OF AN ACT OF ASSEMBLY of the Commonwealth of Pennsylvania, approved February 5, 1862, I will expose to public sale, on the premises, in the Borough of Sharon, Mercer co, Pa, on Monday, August 4, 1862, the property of the

Sharon Iron Company.

Consisting of one Rolling Mill, Steel Works, a large Warehouse, 40 Dwelling Houses, and 40 acres of land; together with all necessary Machinery for manufacturing Iron, Nails, and Steel.

This is a desirable property for any party wishing to embark in the business, located on the Erie Extension Pennsylvania Canal, in the centre of the best coal region in Western Pennsylvania, convenient to five Blast Furnaces, and with a good prospect of the Erie & Pittsburgh Railroad passing through it. Sale to be absolute.

Terms—One-third in hand, and the balance in two equal payments of six and nine months, with interest from confirmation of sale.

Sharon, July 10, 1862. M. C. TROUT, Trustee.
