THE MASS MEETING. We appeal to our friends in the rural districts to attend the Mass Meeting to be held in this city on Thursday next, to take some action in relation to the recent call for volunteers. The quota for Pennsylvania will be about 50,000 men. We know you are engaged in caring for your them as the people of the cities. A helping hand is needed all around-let no man excuse himself on the ground of private affairs. Nothing should stand in the way of our country's call, everything must yield, else sink submissively to the basest conspiracy ever instigated by treacherous heads or carried on by traitorous hands.

Rally then at once and by your presence and money push forward the good work ere it is too late.
