45 Reading matter on every page. INTERESTING CORRESPOND

ing's paper. A careful perusal of these date and special agents in this country, documents will give a thorough idea of the picking up what hints they can as to our nature and magnitude of the emancipation new iron navy. It would be well not to be read to a point within 36 miles or at which the regiment for which any of the whola distance to be run, the Six squad or company is intended may be or Nations compelled them to abundon the ganizing. It is necessary to accompany survey. Retracing their steps, they re-every application for transportation with project of President Lincoln; and at the same time demonstrate the impractica

bility of that undertaking. The style and tone of this correspond ence are admirable: the President evidently impressed with the feasibility of his scheme, urges it most seriously upon his suggestions is equally candid, mild and quently weeks without a paper. We look States of the Umon. commendable, while it demonstrates the utter weakness of the President's positions. One statement of this reply to the President is remarkable, which is the aid and comifer rendered the Southern trait. The Bombardment or Vicksburg. The Southern trait of Congress Stratoga tors by the proceedings of the late Congress.

tional volunteers, there is but one opinion expressed as te the bounding and heart felt anxiety manifested for service under the Go-cernment in other departments. A gentleman writing from Washington in regardleman writing from Washington in reseased and the army of office hunters there made the forces at Vicksburg and the sar seeking appointments for the assessing and collecting of taxes throughout the country, rays that their nameer and appearance are perfectly uppelling. The conscript law in this region is very sourced for more means and collecting of taxes throughout the country, rays that their nameer are perfectly uppelling. The constript is correct for more means that their nameer to risolate the more to closely the president's ability to withstand their the spoils," and expresses doubt as to the President's ability to withstand their pressure. His shoulders are broad; they pressure. His shoulders are broad; they seven men.

A number of muskets of fine worth. Trobics of Knows A tensite, best quality... bave already piled upon them the assumption of all of Cameron's contract proceedsings, besides the recent serious blunders of equipment, were lying the War Department; he escaped through Bultimore in the dead of night to avoid Bultimore in the dead of night to avoid borne up against immenss danger and borne up against immenss danger and borne up against immenss danger and believed the pression of the second and proceed and the pression of the second and process and were unexpected and process of the decaded of the pression of the decaded of the pressio

pressure since his election to the Presidency; but he confesses himself unequal to the approaching struggle with the tax gatherers.

For a week, we learn, the cars from all directions have been loaded with these excise patriots. The capital is now in a state of siege; she is invaded by a hungry horde of monsters, threatening more disaster to the State than old Rome suffered from the last incursion of the Nervii. Legions of cadaverous looking fellows, with villainous countenances, infest the ten mile villainous countenances, infest the ten mile full crews of officers and men. square, waiting for an opportunity to make a raid upon Old Abe. The poor man fears the onslaught, and has imparted his appro- the constitutions of some of our men; but hensions as to his ability to withstand it. so far their health is good. The thermom He boasts of his constitution and power of endurance, but in sorrowing accents exinto New Orleans from Havana, with cases yield to odds. The globe upon the shoul. Major General commanding that departders of Atlas, under which that brawny and athletic individual staggered, is nothing to the burden imposed upon the head disease. of our nation by the fifty thousand "wide awakes." who desirs to be suddenly transawakes," who desire to be suddenly transformed into assessors and collectors of taxes. Alas, for the degeneracy of the times, when we find what looked like embrio generals in the field seeking the ignoise calling of an excise tax gatherer.

De these degeneracy people for a moment Do these degenerate people for a moment reflect upon what they are after? They prospect of this, as the Mississippi is lower seek to dodge the dangers of the field by securing civil employment from the government; vain delasion. Do they reflect upon the humiliations and occasional case by fruitless, though it was creditable in its tigations they are sure to undergo in the capacity of collectors of taxes? Do they contemplate a committee of inturiated famales lying in wait for their victim, and pouncing down upon him like valtures upon a lamb? A tax-gatherer has been, from the beginning of civil government, the most despicable of civil officers; and a tax for the support of the government being a newthing in our country we would advise those securing such situations to keep a sharp look out. Taxes for the confidential adviser of the Secretary of War, or to take general command to the confidential secretary of the complete situation of the armies, occupying a similar position to that once held by General Scott. It Government must be paid; sometimes to that once held by General Scott. It may now be said with confidence that he may now be said with confidence that he mipossible. In these cases desperation all the armies, and that General McClelsometimes drives the victims of destitu-tion to the commission of violence. It is who is General Halleck's immediate such therefore quite probable that, if the multi cessor in the Southwest, will be his subor Lide in Washington seeking the places al. inded to, were to be acquainted with the ups and downs of a tax gatherer's life, called to Washington, and though we were three-fourths at least, of the whole number.

Clellan. The course of that officer will not be affected by the change in General Halleck's tocation, nor will his military movements be in the least interfered with.

Everything will doubtless go along, as far as General McClellan is concerned, in the LATEST NEWS BY TELEGRAPH.

THE VERY LATEST TELEGRAPH. usual fashion in the Army of the Potomac The New York World says:

The President has chosen not to remove Secretary Stanton. He has, however conseeded something to public opinion, and has virtually superceded him. For this much let us be duly thankful. Henceforth we confidently hope there are to be no mor blunders, no more retreats, no more backing and filling, no more wasting of the precious blood of the nation;—but advances, victories, economy of life and abor, and the straightforward crusing out clearest military intellects of the age to of the military power of the rebellion. MASON AND DIXON'S LINE.

To the Editor of the N. Y. Tribune. SIE: As a subscriber to The Weekly Tribune, I respectfully solicit from you the tavor in its column of an explanation of the oft-repeated phrase of Mason and Dixon's Line. When, how and by whom Dixon's Line was it established; is it a latitudinal border er formed by a water course? Was is ac tually surveyed by those whose names is bears, or merely argued in Congress or in a Convention by them? Please answer.

dary line between Pennsylvania and Mary and It takes its name from Charles nothematicians, who in 1762 were emthanks and Maryland to determine the me on the common boundary of thos olonies, which for several years had been the subject of vehement dispute. They commenced the survey in December of that year, first determined the latitude of the City of Philadelphia, then proceeding the available bline to available bline to available bline to ing to examine the lines of previous sureyors, and in the Autumn of 1764 start ing the famous line which bears their name from the river Susquehannah. Pursning their labors, it was not till the 4th of June 1766, that they were at the summit of the Little Alleghany in a westerly direc tion. They were greatly impeded in their labors by the Indians, but at length obtained an e-cort from the Six Nations, through the influence of Sir William Johnbut obsolete.
