Induced by the extensive sale and universal popularity of Hoofland's German Bitters, (purely vegetable) hosts of ignorant quacks and unscrupulous adventurers, have opened upon suffering humanity the flood gates of Nostrums in the shape of poor whisky, vilely compounded with injurious drugs, and christoned Tonics, Stomachies and Bitters.

Beware of the innumerable array of alcoholic preparations in plethoric bottles, and big-beilied kegs, under the modest appellation of Bitters: which, instead of curing only aggravates diseases, and leave the disappointed sufferers in despair.

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects. I yet know of no sufficient reason why a man may not testify to the benefit he believes himself to have received from any simple preparation in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture, I am indebted to my friend Robert Shoemaker, Raq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by syident relief, and restoration to a degree of podily and mental vigor which I had not felt for immonths before, and had almost depaired of realing. I therefore thank God and my friend for lirecting me to the use of them.

From the Rev. Joseph H. Kennard, Pastor of the Tenth Baytist Ghurch. Dr. Jackson Drar S.R:—I have been frequently requested to connect my name with commendations of different kinds of medicine, but regarding the practices as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart from my usual course, to express my full conviction that for general debility of the system, and especially history of the course, the converse of the course of th

DR. C. M. The powerful influence it exerts upon Nervous prostration is surprising. I have been consulted frequently in reference to your Bitters, and without hesitation, have recommended it for the above complaints, and in every instance it has effectually cured. Your medicine has a great reputation in Germantown, and is sold in every Drug Store, and in most of the Grocery stores here. If any one should question what I say, let them come to Germantown, and I will prove to their satisfaction, that the Bitters have cured in this vicinity more than twenty cases of the above diseases.

PHILADRIPHIA, August 12, 1862.

Dr. C. M. Jackson—Dear Sir. While in Virginia, owing to the change of water, I was taken with a severe diarrhoza, which seemed incurable, and which greatly weakened me When we reached Martinsburg, I feared I should have to come home; but notioning some of your Bitters in the store Mr. H. H. Price, in that town. I purchased a supply, and on taking it was speedily restored to health. The diarrhoza was quickly ohecked, and I experienced no return of it. A number of my comrades, who suffered in the same namer and from the same cause, with whom I shared the Bitters, join me in this certificate. I expect to return to the scat of war with the Legion, and shall certainly take a supply of the Bitters in my knapsack. I would not be without it for its weight in gold, particularly on going into a himstone region.

Senator Simmons-Shameful Developments. From the Newport (R. I.) News In the course of the trial now progress ing before the United States Circuit Court NO. 30 WOOD STREET. in this city, in which John Norris seeks to recover for services alleged to have been rendered the Providence Tool Company, in negotiating a contract with the United States Government for the manufacture of Cook, Parlor, and Heating Stoves, Grate muskers, the following significant facts were elicited and sworn to. The treasure! of the company, John B. Anthony, Esq., was placed upon the stand, and testified that the company had a contract with the

Government to manufacture 25,000 muskets, negotiated by the assistance of Senfor Sinenous and several others, among whom was Senator Anthony, simply, as PARLOR AND HEATING STOVES. and supposed, out of a friendly desire on the part of those gentlemen to help their friends. There was not the slightest barcain prode with any of them in reference to they is numeration for any assistance

Mr. Authory rather testified that after the contract was recollated. Senator Simmoney and him, and remarked that the present for that contract. Mr. Authory further tes-tined that the first contract (the one for which Sensior S, claimed a bouns) was
