Democratic County Committee of Correspondence.
 Organized July 19, 1862.
 The Democratic County Committee of Correspondence met at the Chamber Hotel at 11 o'clock on Friday morning, July 19, 1862. The following resolutions were unanimously adopted, viz: That the Chairman of this Committee be instructed to call a Convention of the Democratic Party in this county to be held on the 25th day of August, at 11 o'clock, on Wednesday, at the Chamber Hotel, in the city of Pittsburgh, for the purpose of electing delegates to the State Convention of the Democratic Party to be held in the city of Harrisburg, on the 15th day of September, 1862.

THE NECESSITY OF SPEEDY ACTION.
 The cause of the Government of the United States, which has for fifteen months been threatened by formidable rebellion, appears at present to be in a more precarious condition than at any period since hostilities began. The great Western army, which Halleck commanded, is lying in the sultry heat of the South. The army of the Potomac, under McClellan, after a series of conflicts against superior numbers, in which our ranks were terrifically decimated, now rests in comparative inactivity, waiting to be strengthened and reinforced. Reinforcements have been called for by the Government, but there is a possibility of the concerted thousands of the South making a rapid advance upon our army in Virginia before they can be reinforced.

It is rumored that Jackson is preparing for a furious sweep through the States of Maryland and the Southern border that desperate rebel program. That the nations, blighted by those who are guilty of the wreck and downfall of the Republic, are being hurried to the very verge of ruin. It is a sad and a terrible sight to see the people of this country, who have been so long and so bravely fighting for the Union, to see the flag of the South flying over the ruins of the Republic. DRAFTING.
 Mr. Editor:—I was much pleased on Tuesday morning's Post to see your article on the draft. It is a very timely and important subject, and one which has long been a source of anxiety to the people of this country. The draft is a necessary measure, and one which should be carried out with the utmost speed and efficiency. It is a measure which will ensure the success of our arms, and one which will bring about the speedy restoration of the Union.

REBELLION RECOMMENDED.
 It is a curious thing to see a man who has spent his life in the service of the Union, and who has been so long and so bravely fighting for the cause of freedom, to see him recommending rebellion. North, complete with the most immense expanse of the South, remaining unoccupied. The result is humiliating enough, and has not been separated from its feeble attempt to protect the South, but not in the least to be regarded as a success.
