popularity of Hoofland's German Bitters, (purely

humanity the flood gates of Nostrums in the shape
of poor whisky, viloly compounded with injurious
lrugs, and christened Tonics, Stomachies and Bitters.

Beware of the innumerable array of alcoholic reparations in plethoric bottles, and big-beilled eas, under the modest appellation of Bitters; hich, instead of curing only aggravates diseases, and leave the disappointed sufferer in despair.

Although not disposed to "avor or recommend Patent Medicines in general, through distrust of their ingredients and effects." Yet know of no sufficient reason why a man may not testify to the benefit he believes himself to have received from any simple preparation in the hope that he may shus contribute to the benefit of where.

I do this the more readily in respect to Hoofland's German Bittern, prepared by Dr. C. M. Jackses, of this city, because I was greindiced against them for many years, under the impression that they were chiefly an alcoholic anixture, I am indebted to my friend Robert. Thesensker, E. 19, for the removal of this prividice by prepared ests, and for enceuragement to try them, when suffering from great and long continued debitty. The use of three bottles of these Bitters, at the beginning of the present year, was followed by avident relief, and restoration to a decree of soldly and mental vigor which I had not icat for six mouths before, and had almost depaired of reaning. I therefore thank God and my friend for lirecting me to the use of them.

PHILADELPHIA, June 23, 1861.

From the Rev. Joseph H. Kenneard, Pastor Tenth Baptist Church. Dr. Jackson - Dear S.R. - I have been frequently requested to connect my name with commendations of different kinds of medicine, but regarding the vactics as out of tny appropriate sphere, I have a all cases declined; but with a glear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart from my usual course, to express my full conviction that for general debility of the system, and especially Liver Complaints is a safe and valuable greparation. In some cases it may fail, but usually I doubt not it will be very beneficial to those who antier from the above causes. Yours very reopectfully.

GERMANTOWN, June 1, 1861.

DR. C. M. JACKSON Sir.—It gave me pleasure, wo years ago, to give you a certificate, testifying nat the German Bitters had done for me. I am ow perfectly sured of all those diseases your sedicine professes to cure, viz. Dyspepsia, Chronic and Newvoos debility, disease of the Kidneys, tc. The powerful influence it exerts upon Nierwoos prostration is surprising. I have been consulted disquently in reference to your Bitters and without hesitation, have recommended it for the above complaints, and in every instance it has effectually cured. Your medicine has a great reputation in Germantown, and is sold in every Drug Store, and in most of the Grocery stores where. If any one should question what I say, let them come to Germantown, and I will prove to their estimated on, that the Bitters have cured in this vicinity more than twenty cases of the above diseases.

Respectfully, HANNAH WUNDER, Main street; above Rittenhouse, Germanter

Dr. U. M. JACEROW-Dear Sir: While in Virginia, owing to the change of water, I was taken with a severe distribute, which seemed in carable, and which greatly weakened me. When we reached Marthusburg, I feared I should, have to come home; but noticing some of your Bitters in the store Mr. H. H. Price, in that town, I purchased a supply, and on taking it was 9 seedily restored to health. The diarrhors was quickly checked, and I experienced no returns of it. A manner and fame, the same cause, with whom I shared the fitters, join me in this certificate. I expect to return the same cause, with whom I shared the fitters, join me in this certificate. DAILY POST. ALBERT FEARING.

The next morning our hero applied to the captain of his company for a pass to cross the river on the ice, giving as a reason that he wished to visit a relative who resided on the other side. Some two or three days after the events just recorded. "Ah, from West Point are you?" replied Six Henry, evincing more interest than he had hitherto done; "sit down, my lad, I want to have some talk with you."

These reports were circulated from one to another, until the whole army were cognizant of the strength of the post, which all had been anxious to assail, and the war time was at one other above. the war tune was at once changed to one more pacific. The next morning Fearing was regular-ly enlisted, and was attached to a corps of loyalists, or tories, as the Americans styled them. Here he had abundant opportunity for observation, and he did not fail to improve it. He watched every movement of the officers and troops with eyes like those of a ferret or a lynx, and listened with quick ears to every rumor and every report that found its way into the barracks, and made himself, as far as practicable, acquainted with the plans of Sir Henry Clinton. In this manner he was Sir Henry Clinton. In this manner he was rendering important services to his country, and few men could have been selected who would have more faithfully performed the objects of their mission than Fearing.
