Checkonedia of Religious Knowledge. Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects: I set know of no sufficient reason why a man may not testify to the benefit he believes timiself to have received from any simple preparation in the hope that he may thus conribute to the benefit of others. I do this the more readily in regard to Hoof-land's German Bitters, prepared by Dr. C. M. Dr. JAUKSON - DEAB S.R. -- I have been fr quently requested to connect my name with com mendations of different kinds of medicine, but regarding the ractics as out of my appropriate sphere, I have a all cases declined; but with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoof-land's German Bitters, I depart from my usual course, to express my full conviction that for general debility of the system, and especially Liv-re Complaintit is a safe and valuable preparation. In some cases it may fail, but usually I doubt not it will be very beneficial to those who suffer from 'he above causes. Yours very reopectfully. Eighth below Coats street, Phila., Dec. 24th.
