Here is the whole matter in a nut-shell: Abolitionism will never be content until that magnificent Abolition humbur, Fremont, is put in command of all our forces. We are beginning to think that the sooner this is accomplished the better it will be for the country ; and these are our reasons.

The Abolitionists have the control of the Administration, and will have for some time to come; the momentance of the prosecution in a precisely similar business in the in a precisely similar business in the since camp with the 'bully' of Rappahan-into camp with the 'bully' of Rappahan-into camp with the 'bully' of Rappahan-into camp with the 'bully' of Rappahanthis would seem incredible, but it is net able to understand their inadequacy to ertheless a sad and humiliating fact, the bring it to a speedy and successful termitruth of which is susceptible of ocular demonstration. We will particularize one instance their worthlessness. Had he allowed Fremont and Hunter and Phelps to enforce where we might as easily cite fitty. Col Robert Morris owns a farm on the Me-chanicsville turnpike, four niles east of his city. At the time of the falling back their proclamations, the country, by this time, would have been satisfied of their folly; the President would have been reof our army from the peninsula this place was well tenced and stocked, and provi lieved of Abolition importunity, and the Administration prepared to hearken to ded with all the machinery usual on the cavelry as the boys have it. POTOMAC, MONDAY.—Ever since the firing upon our shipping at the mail-boat land-ing by the enemy's batteries, our troops have occupied the opposite shore. Yesterday a reconnoissance was made from that point back into the country, to within fourteen miles of Petersburg. It was con-ducted by Colonel Averill, and was composed of one hundred and fifty of the oth U. S., and 159 of the 3d Pa. Cavalry, with four companies of the 1st Michigan, Captains Cutter and Bowen, of M'Clellan's staff, accompanied them. At Cox Mills, five miles from the river. they encountered the 13th Va. cavalry drawn up in line of battle. Our men charged on them, when they broke and run. They drove them to their encampment at Sycambre Church 21 miles further, when they again formed, but were ingloriously put to flight, leaving behind all their tents, camp equip ge and commissary stores, which our troops gath ered together and burnt. The rebels had two horses killed, six men wounded, and wo taken prisoners. We had only a horse killed. After scouring the country a short istance farther they returned to the river. There is no further evidence of the rebel unboats in the river this side of Ft. Dar-

hing. Information goes to show that the new Merrimac will not be ready for three weeks yet. WASHINGTON August 4.-GEN'L Pops's
