NO ALCOHOL OR BAD WHISKY:
They will cure the above diseases in ninety-nine ases out of a hundred.
Induced by the extensive sale and universal popularity of Hoofland's Gennan Eitters, (purely vegetable) hosts of ignorant quacks and unserupulous adventurers, have opened upon suffering humanity the flood gates of Nostrums in the shape of poor whisky, vilely compounded with injurious drugs, and christened Tonics, Stomachies and Bitters.

Beware of the innumerable array of alcoholic proparations in plethoric bottles, and big-beilied kees, under the modest appellation of Bitters: which, instead of curing only aggravates diseases, and the alcoholic proper in despressions. I leave the disappointed sufferers in despair.

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects. I yet know of no sufficient reason why a man may not testify to the bonefit the believes himself to have received from any simple preparation in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture, I am indebted to my friend Robert Shoemaker, Esq. for the removal of this prejudice by proper ests, and for enceuragement to try them, when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by reident relief, and restoration to a degree of sodily and mental vigor which I had not felt for ix months before, and had almost departed of remining. I therefore thank God and my friend for firecting me to the use of them.

JACKSON-DEAR S.R.:—I have been fr quently requested to connect my name with commondations of different kinds of medicine, but regarding the vactics as out of my appropriate sphere. I have a all cases declined; but with a clear proof in various instances, and particularly in my owh family, of the usefulness of Dr. Hoofland's German Bitters, I depart from my usual course, to express my full conviction that for general debility of the system, and especially Liver Complaint it is a safe and valuable preparation. In some cases it may fail, but usually I doubt not it will be very beneficial to those who suffer from the above causes. Yours very reopectfully, Lighth below Coats street, Phila., Dec. 24th.

DR. C. M. JACKSON - Sir.—It gave me pleasure, wo years ago, to give you a certificate, testifying nat the German Bitters had done for me. I am ow perfectly sured of all those diseases your redicine professes to cure, viz; Dyspepsia, Chronac and Nervous debility, disease of the Kidneys, ic. The powerful influence it exerts upon Nervous prostration is surprising. I have been consulted frequently in reference to your Bitters, and without hesitation, have recommended it for the above complaints, and in every instance it has effectually cured. Your medicine has a great reputation in Germantown, and is sold in every Drug Store, and in most of the Grocery stores here. If any one should question what I say, let them come to Germantown, and I will prove to their satisfaction, that the Bitters have cured in this vicinity more than twenty cases of the above diseases.

Respectfully, HANNAH WUNDER, Main street, above Rittenhouse, Germantown, enn'a.

DR. C. M. JACKSON—Dear Sir: While in Virginia, owing to the change of water, I was taken with a severe diarrhoza, which seemed incurable, and which greatly weakened me. When we eached Martinsburg, I feared I should have to ome home; but noticing some of your Bitters in he store Mr. H. H. Price, in that town, I purhased a supply, and on taking it was speedily restored to health. The diarrhoza was quickly checked, and I experienced no return of it. A number of my comrades, who suffered in the same manner and from the same cause, with whom I shared the Bitters, join me in this certificate. I supect to return to the seat of war with the Legon, and shall certainly take a supply of the Bitrs in my knapsack. I would not be without it rits weight in gold, particularly on going into a megione region.

DAILY POST." WILLIAM BAGALEY,

The arrest, imprisonment, and releas of Gen. Stone has excited much remark throughout the country. The President owes it to himself, to Gen. Stone, to com-

mon justice that some explanation h made of this most singular proceeding.-We clip the following from an exchange

touching upon this subject:

The quiet release of Gen. Charles P. Stone has been attracting attention. Why he has been released without a trial sems inexplicable. Had he been guilty of the charge brought against him, Haman shoud not have hung higher than he, but if he was innocent it should have been problaimed to the world, and all reparation claimed to the world, and all reparation state will present them, properly authenticated for settlement.

Stone is, that we ave no purer patriot or more true soldier than he has shown himself. I knew him well, and but a few hours before his arrest was in conversation with him. In that conversation he used sentiments of that conversation he used sentiments of loyalty that many a man would like to father. His whole soul appeared wrapped up in the cause, his love of country was unblemished; petty and blackened ideas intended only to itame jealousies, mared not his love. He was a man who truly worshipped his whole country, no sectional dogmas entered his heart. I never can believe that a disloyal thought flashed can believe that a disloyal thought flashed of the rebellion, when traitors hands isolated the seat of Government from the loyal states, whilst the capitol was hourly threatened with attack and before the country's heroes could rush to the rescue General (then Col.) Stone organized and took command of the militia of the District of Columbia. With it he guarded Hourly he rode out among his outposts seeing that every man was doing his duty. Gen. Stone is a high-toned, honorable gentieman, and if he ever was a traitor, he was one from the beginning, and one from a mistaken principle: nothing mean nor low dictated any of his actions. It may be smoked without any deleterious or unpleasant effects, as the off of to-bacco is not drawn into the mouth, and the tongue does not become furred or conted from inhaling its poisonous properties. The bowl is made of the finest Devonshire clay, and gives to the to-bacco a peculiarly pleasant fragrance. The to-bacco cannot become moist, as in ordinary Pipes, because the drip beneath receives the saliva that insensibly escapes into the stem: hence the pipe never becomes offenively rank, and the breath of the smoker does not proclaim to every gone be moets that he has been "indulging in a pipe." When the bowl becomes clegged, or the drip beneath requires cleansing, the pipe may be taken apart by removing the rim. The clay bowl may at any time be re-tored to its original whiteness by burning in the fire, (dist drying it thoroughly) or a new bowl may be procured of the dealer:
