THE GOVERNOR'S CALL.

Gov. Curtin's sudden call for militia, to repel anticipated rebel invasion of our than three honest Abolitionists left in State, is being responded to with alacrity throughout the Commonwealth. The only difficulty will be the arming of the enthusiastic thousands who are rushing to Harrisburg. Our own patriotic old county is coming to the rescue; the people of the 28d district will never enstreets are crowded with the right sort of material for the purpose, and the air is vocal with the shouts of anxious patriots. Threatened invasion has caused many hearts to bound with patriotism, and no words can add to the generous enthusiasm lieve that no serious invasion will take place, but if it does every heart will respond to the order of "up, hoys, and at will perceive has the ring of true Demo-

On Wednesday last this committee sent a delegation to Washington, who bored the President two mortal hours to change his plan of campaign and adopt theirs; but he is said to have again put his foot down, determined not to be again driven from his General's plan of conducting hostilities. Another of the schemes of this Jacobite committee was to foist their discarded pet, Fremont, again into the service. To accomplish this, they expected to intimidate the Administration, but they didn't. Their project was to enlist fifty thousand men and put them under his independent command. In connection with Fremont this committee desired to locate Genera Mitchell, also, and accordingly addressed the Government upon the subject.
