THE DIVINITY OF SLAVERY. That apostates are always the most fanatical converts is strikingly exhibited in the present conduct of renegade Democrats. Forney, in his paper of Wednes day, discussing the Divinity of slavery. has an article upon the subject, of which

the following is a sample:

"If slavery did not at once become divine, it certainly assumed the aspect of a kind of infallibility. Directly and indirectly it managed conventions, manipulated politicians, nominated and mastered Presidents, and shaped and decided the internal and international policy of the Government. The mere surmise that the slaves were not devoted to their masters, or that slavery should not be carried into every foot of new territory, was made the ocratic church, and the text of more than one terriffic anathema against all who dared offend the high priests who ministered at the alter of the peculiar institu-

And, among these "Northern traitors," who played most abjectly into the hands of the Southern despots, who gained so much infamy as some of those who are now the loudest in their denunciations of all who are not abolitionists Take Daniel S. Dickenson as an example of the leading "dough faces;" he commenced his subservience to the "slave power" as far back as 1846, when he was one of a conspiracy to defeat Silas Wright in New York, because of that statesmen's known opposition to the slavery propagandists. Wright took early ground in opposition to the extension of slavery and from the hour he did until that of his death he became a marked man for Southern vengeance. Although the most popular statesman in the north, he was heaten by an obscure man for re-election r and through the treachery of Dickinson and his set of pro slavery sympathizers in his State. Wright was the idol of the Democracy of the country, and fear of his rising and spreading popularity, the members elected: made him a marked man for Southern revenge. The chief tool of the conspirators was Daniel S. Dickinson. He led the revolt against Wright, and from that mo-ment, until he was put up for office last year, the most yielding of all the dough taces to extreme pro-slavery exactions was the Hon. Daniel S.
