CITY AND NEIGHBORHOOD INTRILIGENCE

The City Property Levied On. The question of our railroad indebtedness has reached a grave crisis. The bondholders who have obtained judgments against the city, seemingly determined to make their money" if possible, have levied upon the city water works, basin, all the engine honses except the Allegheny, their subsact. The United States Marshal gives subject: notice that under the writs of fl. fa. upon which the execution was issued, an inquisition will be held at his office on onday next, for the purpose of deter-ining whether the profits of the property levied upon will pay the judgments in seven the law is that the preperty shall be con-

the property would pay the judgments, amounting to some \$235,000, but as our approved of by the commanding officer o city affairs would be greatly complicated by the appointment of a receiver, the counsel of the city will, of course, interpose every possible objection. The entire property of the city has been already assigned to trustees, but the bondholders will regard this as the act of an insolent corporation and therefore null and void—

shile the attorneys of the city will contend that the sale of the property, in any event, would be illegal. The matter will probably be settled on Monday next, when the case will come up before the United States Court on a motion to set aside the States Court on a motion to set aside the

The case of Thos. Keenan and others charged with the murder of conductor Obey, will be taken up in the Court of Oyer and d Terminer to day. It is stated that the Erie Co. have purchised the Atlantic & Great Western (bload guage) R. R. and leased the Cleveland & Mahoning Road, which connects with the A. & G. W. at Warren. A new rail—broad guage—is to be laid down on the C. & M. line, and upon the completrains will run direct from Cleveland to New York. The first section of the Atlantic & Great Western Road is now in good ranning order, and at an early day the entire line will be in operation.
