Annewille every Friday, Much has recently been said about the invention of First Assistant Engineer Whittaker for firing guns under water. A dozen persons have brought similar plans to the attention of the War Depart.

The population of the Territories to be made into States was as follows when the At a quarter past nine o clock this morning the first gun was fired, and the firing lasted for about half an hour. The rebels did not make a very spirited reply. It is thought the troops will be all over by the strong of the war Department. It is no new invention or secret, having been successfully applied by Fulton and others. No practical importance with him for several hours, at Mrs. Little's, Liberty street, where he boarded. A day or two after this, Greene went away, and was absent some days, the accounts differing from five to seven or eight. He was, at all events, absent from church one Sunday. On his return he seems to have given conflicting statements concerning his absence, one that he had been to Cleveland, on business for Mr. Dunlap; another that he had gone to Buffalo, to see his son, who was about to enter the army. thought the troops will be all over by ton and others. No practical important seems to be attached to this subject. census of 1860 was taken: SPECIAL NOTICES New Mexico 83,009 Colorado Utah 40,630 Nevada Nebraska 28,843 Nevada The Confessions and Exparience of a Poor Young Man Louisville, Dec. 12.—Ben.
