Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects. I yet know of no sufficient reason why a man may not testify to the benefit he believes himself to have received from any simple preparation in the hope that he may thus contribute to be benefit of others.

I do this the more readily in regard to Hoofisand's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced Mainst them for many years, under the impression that they were chiefly an alcoholic mixture, I am indebted to my friend Robert Shoemaker, Saq., for the removal of this prejudice by proper ests, and for encouragement to try them, when affecting from great and long continued debility, he useof three pottles of these Bitters, at the (seeinning of the present year, was sellowed by wident relief, and restoration to a degree of world yad mental vigor which I had not :elt for ix months before, and had almost depaired of reasons. I therefore thank God and my friend for tireoting me to the use of them.
