By the following paragraph, from the

Fredericksburg correspondence of the Herald, it will be seen that Col. J. B. Sweitzer acted during the engagement with his usual coolness and courage. It also conveys the painful intelligence of the death of Lient. James Cunningham, well known as a druggist in the employ of Dr. G. H. Keyser. He went out as a private in the ritisourgh annes, but suosequently op-tained a commission in Col. Black's regi-ment, of which he was made Adjutant. When Col. Mr. Foster, of Conn., moved to strike out the words, "under such regulations as may be hereafter established," in order that these men might be immediately discharged. He referred to the difficulty in getting disabled more discharged.

Mr. Clark, of New Hampshire, was, in favor of the amendment. He heard that the bill did not go far enough in this respect. He had the greatest difficulty in getting men discharged who were utterly disabled, and many men could not get disabled, and many men could not get into the hospitals unless some person went with them and insisted upon their admission, and there were surgeons in the hospitals not far from the city who were living upon the rations of the soldiers and forfeiting their own.
