NOTHING BUT PRAYERS.

BY ELIZABETH CRAFT.

No kneeling but prayers to smooth our way,
No gladness but prayers to cheer our day,
No gladness but prayers to cheer our day,
No gladness but prayers to cheer our day.

How to Hear the Gospel.

Rowland Hill paid a visit to an old friend, a few years before his death, who said to him:

"Mr. Hill, it is just 65 years since I first heard you preach, I remember your text and your sermon. You told us that some people were very squeamish about the delivery of different ministers who preached the gospel. You said, 'Supposing you were attending to hear a will read where you expected a legacy to be left you, would you employ the time while it was reading, by criticizing the manner in which the lawyer delivered his paper, or by peering at the will to see if it was yours?' No, you would not. You would give all your attention to the reading, and how much it was. That is the way I would advise you to hear the gospel."

THE ABOLITION OF THE ALABAMA.

It is hard to say what the capture by the Alabama of a large mail steamer on the grand route of travel between the isthmus and New York, and within striking distance of the great station at Key West, is more creditable to the skill and audacity of that "chartered libertine" of the ocean, her commander, or more disgraceful to our government, which has employed a rascal in the way of a ship.

RUSSIA AND GREECE.

St. Petersburg, Dec. 18, 1862.

The Journal de St. Petersburg, of today, in reply to an article of La France, says:

"We repeat that Russia was the first to take up her ground in the Greek question. She has been the first to propose a conference, and she has been the first to propose a conference. She has been the first to propose a conference, and she has been the first to propose a conference."
