reach. Some of the ublest and most sagacious of English statesmen at that time predicted our downfull as a nation, not because of our institutions, but because of he inherent depravity of human nature. They said that our iostitutions were too liberal; that they would degenerate the masses into license, and oventually defeat hemselves by bestowing an excess of liberal they not the people. As long as we were colonies and poverty stricken, we would be virtuous and frugal; but as soon as voluptue states are colonies are reasonable hope that provide the faithful neu of the supporters of the administration, that sow oplien and imperious, which would eventually result in contempt for the institutions for which the faithful neu of the supporters of the administration are more point and honorable way and at no remote period fire. So, after much deliberation, the full that have been prophetic, no further back that 1852 referred to this very design, administing but Christianity and arigid regard inclass, looked with deserved favor upon serious parts and borders are timely and any serious powers.

How and Why the "Union Lesgue" was fixed upon and its incapacity, permanently from power.

But can this be accomplished in time to save the country? to preserve its unity and liberty? And if these vital objects of the efforts put forth by us against them, we want of the restoration of the Democratic party to power, upon what policy shall that party are in their attainment? These questions are timely and important enough to occur are timely and important enough to conclinate a pair of their population, and dampen the arder of the revolution suffered so much to achieve. That great man, Daniel Webster, whose the desired and an one of the save time to divide them; to conclinate a pair of the restoration of the Pederal are timely and important enough to occur are timely and important enough to occur are timely and interest them the secured to provide the past, the support of the restoration of the save time timely and the unity of the past, the support of the restoration of the save time to consummate the construction of the save time to divide them; to conclinate a pair of the restoration of t he inherent depravity of human nature. They said that our institutions were too the said that they would degenerate the Leagues" are Tested. destion, adminishing his countrymen that the past, the sagacious leaders of the radicals, looked with deserved favor upon secret or semi-secret conclaves. They restructing the Union, and thoroughly reform this case, alies in the enemy's country ing the Government can be performed.

chises which the laws had formerly accord turd, exhibiting the authors of our present difficulties, the flery, impetuous and hot be add Southern traitors, and the sly, suesting, and cool-headed abolitionists. To counteract the efforts of these twin monsters, Mr. Webster says, the friends of the constitution must rally." One set is in open revolt against the government; the other is scheming for a continuance of power, by flagant subversion of the constitution. It is time for its friends to tion. It is time for its friends to

unite for its preservation. The leaders of the present party in powsecret societies against the administration, the addition leaders are advising the necessity of similar organizations, to support it under the specious denomination of Union leagues. This monstrous con-

port is under the specious denomination of Union leagues. This monatrons coin of Union leagues. This monatrons coin of the proper of the "right stripe," and their relatives. But people who are smart enough to certify unsupporting and responsible to hold civil or military office, and to get pool contracts at the same time, and the proper of the United States are represented to properly of the United States are represented in the present time, do not included a support of the United States and the present time, do not included a support of the United States and the present time, do not included a support of the United States and the present time, do not included a support of the United States and the present time, do not included a support of the United States and the present time, do not included a support of the United States and the present time, do not included a support of the United States and the present time, do not included a support of the United States and the present time, do not included a support of the United States and the present time, do not included a support of the United States and the present time, do not include the support of the United States and the present time, do not include the support of the United States and t conclaves and midnight associations, they can maintein themselves in power, or intimidate the people from a thorough and complete investigation and discussion of these schemes. This terrible revolution, this lamentable and destructive war, may as it was"—and would like to see them be the penalty of our having neglected the restored and perpetuated. have alluded If so, we are paying awfully for our transgressions. Let us hope that our trials may purify the Nation for a happierstate herenter, and morder to attain it

ing the Government can be performed.

In the meantime, how much of calamity cliques, which met in haiter's shops, drug must we undergo? To what measures of stores, or briefless lawyers' office, many evil must we be subjected? The public to the public of the pu

cy or the Constitution and the preserva-tion of the Union, with all the dignity, equality and rights of the several States unimpaired, and explicitly denied that it

equality and rights of the several States unimpaired, and explicitly denied that it was waged in any spirit of oppression, or for any purpose of conquest or subjugation, or purpose of conquest or subjugation, or purpose of conquest or subjugation, or purpose of overthrowing or interfering with the rights on established institutions of the Southerr States.

This clear and emphatic resolution was accepted and approved by the Democracy, by the Border States, and by conservative of men generally, and thereupon the magnificent resources of the country in men and money were put at the disposal of the salience of the country in men and money were put at the disposal of the salience of the country in the salience of the country in men and money were put at the disposal of the salience of the country in men and money were put at the disposal of the salience of the country in men and conduct of a great war, and particularly a conduct of a great war.

people who, our peregrnating friend states, can never be admitted to fellowship in this combination.

Who are Excluded from the "League."

1. No man can join it, whatever he may call himself, who desires to see "Peace" established upon any terms whatever, however honorable to the loyal States.

2. No man can join it who believes in the "Constitution as it is and the Union as it was"—and would like to see them estored and perpetuated.

3. No man will be admitted who be lieves that Gen. McClellan gained the bat last the of Antietam.

To this, and to all like departures from the Constitution and from good faith and unalterably opposed. I say like departures from the Constitution of the States union of the complete re-union of the States, and they will labor to prepare the way for the complete re-union of the States, and they will labor to prepare the way of the complete re-union of the States union the confirmity proving the established by arms nounced has been extended to other subjects besides the status of the negro, as the "Constitution as it is and the Union as it was"—and would like to see them debates of the day abundantly testify as it was"—and would like to see them distant prisons, remote from witnesses, triends who might intercede for them, is and deserves all the condemnation it is for its complete recursion in its original, pristine vigor. But to accommand the condemnation it is original, pristine vigor. But to accommand the condemnation is the condemnation in its original, pristine vigor. But to accommand the condemnation is the condemnation in its original, pristine vigor. But to accommand the condemnation is the condemnation of the States and the triends who might intercease from the conservative men of the complete re-union of the States and the way in the condemnation of the States and the triends who might intercease from the production of the States and the union that the debates of the day abundantly testify.
