CELEBRATED

GERMAN BITTERS

PREPARED BY

DR. C. M. JACKSON, Philadelphia, Penna.,

Will effectually cure

Liver Complaint,

DYSPEPSIA, JAUNDICE,

Chronic or Nervous Debility, Diseases of the Kidneys, and all Diseases Arising from a Disordered Liver or Stomach,

such as Constipation, Inward Piles, Fullness or Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming or the Head, Hurried and difficult Breathing, Fluttering at the Heart, Choking or Suffocating sensations when in a lying posture, Dimness of Vision, Dots or webs before the sight, Fever and Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant imaginings of Evil, and great depression of spirits,

And will positively prevent Yellow Fever, Bilious Fever, &c.

THEY CONTAIN

NO ALCOHOL OR BAD WHISKY

To intoxicate, but are entirely vegetable, so that the most delicate can take them without fear of producing the bad effects of Alcoholic Liquors. In fact, they are recommended as a valuable

TONIC,

when any stimulant is required. As a purifier of the blood they are unsurpassed by any preparation in the United States, as the cures certified to in pamphlets around each bottle will show.

Beware of the innumerable array of alcoholic preparations in plethoric bottles, and labelled Bitters, under the modest appellation of "Bitters," which, instead of curing only aggravates disease, and leaves the disappointed sufferer in despair.

YOU WANT SOMETHING TO STRENGTHEN YOU!

YOU WANT A GOOD APPETITE!

DO YOU WANT TO BUILD UP YOUR CONSTITUTION?

DO YOU WANT TO FEEL WELL?

DO YOU WANT TO GET RID OF NERVOUSNESS?

DO YOU WANT ANY OF THESE?

Do you want to sleep well?

Do you want a brisk and vigorous feeling?

IF SO USE

HOOFLAND'S GERMAN BITTERS.

*Rev. J. Newton Brown, D. D., Editor of the Encyclopedia of Religious Knowledge.*

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects; I yet know of no sufficient reason why a man may not testify to the benefit he believes himself to have received from any simple preparation in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture, until indicated to my friend Robert Shoemaker, Esq., for the purpose of this procedure by proper facts, and for encouragement to try them, when suffering from great and long continued debility. As a result of three bottles of these Bitters, at the beginning of the present year, I was followed by evident relief, and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regaining. I therefore thank God and my friend for directing me to the use of them.

J. NEWTON BROWN,

PHILADELPHIA, June 23, 1861.

*From the Rev. Joseph H. Kennard, Pastor of the Tenth Baptist Church.*

DR. JACKSON—DEAR SIR:—I have been frequently requested to connect my name with certain testimonials of different kinds of medicine, but regarding the practice as out of my appropriate sphere, I have at all cases declined, but with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart from my usual course, to express my full conviction that for general debility of the system, and especially Liver Complaint it is a safe and valuable preparation. In some cases it may fail, but usually I doubt not it will be very beneficial to those who suffer from above causes. Yours very respectfully,

J. H. KENNARD.

Eighth below Coates street, Phila., Dec. 24th, 1860.

*From the Wife of ALDERMAN WUNDER, Germantown.*

GERMANTOWN, June 1, 1861.

DR. C. M. JACKSON—Sir—It gave me pleasure a few years ago, to give you a certificate, testifying to what Hoofland's German Bitters had done for me. I am perfectly convinced of all those diseases your medicine professes to cure, viz: Dyspepsia, Chronic and Nervous debility, diseases of the Kidneys, &c., the powerful influence of it exerts upon Nervous prostration is surprising. I have been frequently called upon to recommend it for the above complaints and in every instance it has effectually cured. Your medicine has a great reputation in Germantown, and is sold in every Drug Store, and in most of the Grocery stores there. If any one should question what I say, let them come to Germantown, and I will prove to the satisfaction, that the Bitters have cured in this vicinity more than twenty cases of the above diseases.

Respectfully, HANNAH WUNDER,

Main street, above Bittenhouse, Germantown, Penn'a.

*JUST THE THING FOR THE SOLDIERS!*

It will build up the constitution, and give health and strength to an overtasked and diseased system.

*THE TESTIMONY FROM THE ARMY*

Is unanimous in favor of Hoofland's German Bitters.

PHILADELPHIA, August 12, 1862.

DR. C. M. JACKSON—*Dear Sir:*—While in Virginia, owing to the change of water, I was taken with a severe diarrhœa, which seemed incurable, and which greatly weakened me. When we reached Martinsburg, I feared I should have to get home by quitting some of your Bitters in the store of H. H. Price, in that town. I purchased a bottle, and on taking it was speedily restored to health. The diarrhœa was quickly checked, and I experienced no return of it. A number of my comrades, who suffered in the same manner and from the same cause, with whom I shared the Bitters, join me in this certificate. I expect to return to the seat of war with the Logan Artillery, and shall certainly take a supply of the Bitters in my possession. I would not be without it in its weight in gold, particularly on going into a sickly region.

Yours, truly,

A. R. ALTEMUS,

Company B, Scott Legion.

### Playing With Fire.

The *Boston Post* and *New York Herald* is deliberately bent upon stirring up domestic violence and provoking anarchy in the North. From the license of the tongue it now passes on to invite the license of the torch and the sword. It calls upon the government of the United States to adopt against the citizens of the free States the infernal policy pursued by abandoned wretches at the extreme South against those who repudiate secession and cling to the Union. It paints a lurid and passionate picture of outrages committed in Alabama upon "loyal" citizens of that State—outrages "barbarous as those of the Sepoys," and having thus wrought upon the feeling of its readers, it goes on to use the following language:

"We have numbers of secessionists here, who do not conceal their sympathy with the rebels—why does not the government seize upon these and retaliate upon their persons and property the wrongs suffered by the loyal men in the South? Here have been men and women shot and hunted by bloodhounds; and the government should seize upon Mr. S. C. M. Barlow, James Brooks, Duke Cozzens, and others, to hold them as hostages for the safety and good treatment of loyal men in the South—informing Davis that these friends of his will surely be hanged at the first proof of a new outrage committed against a loyal Alabamian."

For months past the *Post* and organs of the party which it represents—a party whose loyalty to the government is measure exactly by the contracts which are intrusted to its members, and by the subserviency of the administration to the passions of their followers—have been permitted to denounce as "traitors," and "copperheads," and "secessionists," and "traitors," they mean the three hundred thousand voters of New York who have dared at the polls to assert their right to a voice in the control of the policy of their country. They mean the men for whom the ruin of the Union involves far more than it does for the contractors and politicians and fanatics who thus revile them, and who are determined therefore to avert that ruin by the untrammeled exercise of all their rights. The leaders of these men have full confidence in their respect for law and in their indisposition to resort to any remedies against madness and fanaticism save those with which the Constitution arms them. But the passion of a great people is not a thing to be lightly trifled with; and we warn the *Post*, its willful abettors, and its thoughtless followers, that the hour which sees them attempt to transfer their spite, their malice, and their insanity from the domain of words into the domain of deeds will be the beginning of the end, not indeed for American liberty, and for America, can law, but for those who have insulted the name of liberty by the pollution of their lip-service, and assailed the founda-tions of law by the extravagance of their fanaticism.—*World.*

### Railroading in the United States.

From the following figures, which we find in one of our exchanges without credit, it appears that Pennsylvania is the leading Railroad State in the Union:

| State. | Miles. | Cost. |
|---|---|---|
| Pennsylvania | 3152 20 | $159,658,880. |
| Ohio | 3001 74 | 121,219,744. |
| Illinois | 3005 80 | 116,141,184. |
| New York | 2767 60 | 129,817 664. |
| Indiana | 2169 07 | 71,864 504. |

As the total length of the railroads in the United States is 32,484 miles, at a cost of $1,228,621, 671, it appears that Pennsylvania has nearly one-tenth the whole number of miles, and that the cost of her works is in much greater proportion. This fact of our being the leading railway does not seem to be generally known. None of the States enumerated above had such formidable obstacles to overcome in the construction of their lines as we had, about one-third of our territory being traversed by parallel ranges of mountains. On the prairie lands of the West construction was so rapid that Ohio, Indiana and Illinois soon ran ahead of us, but the force of steady perseverance has never been more triumphantly shown than in our case. We have worked, and at length have come out ahead. Nor is this all, for the lines now in progress of building in various parts of the State must increase this aggregate largely, and every season breeds a new crop of roads. At her present rate of progress Pennsylvania can easily have four thousand miles of railway within the next five years. This will be rendered even more apparent next season than it now is, by the completion of such works as the Philadelphia and Erie Railroad.

### Treaty with Liberia.

The ratifications of the treaty of commerce and navigation between the United States and Liberia were exchanged in London on the 17th of February by Mr. Adams and the Consul General for Liberia.

EIGHT hundred and forty-three bales of cotton reached Cincinnati on Monday from Memphis.

### Mobbing the Crisis.

COLUMBUS, March 5th, 1863.

The *Fact*, the evening paper of this city, very properly deprecates the hasty call of a meeting to exasperate the public mind, by inflammatory speeches, and also sharply reproves the *Statesman* for even mentioning the name of Governor Johnson in connection with the mob. The speaking by him and Governor Wright, at Camp Chase, none but demented politicians would dream of in that connection.

There has been considerable talk this evening about mobbing the *Journal* office, in retaliation for the *Crisis* affair. To prevent trouble, it and the *Statesman* office are under guard. Medary's friends hired a band, and, with a few score of men, went to the depot, to meet the blessed martyr on his return from Cincinnati.

After getting into a carriage, the horses were taken out and the crowd hauled him up to the American house, wading through the mud almost knee-deep. From the carriage he was carried over men's shoulders to the steps of the hotel, and was received in a speech from Judge Thurman, in which he complimented Medary and the crowd for their devotion to free speech and free press.

It was not on account of opinions that he had expressed that mob violence had arisen, for men of another party had made worse assaults upon the Government than he, but it was because he was a Democrat. He thought it most likely the outrage had been instigated by others than soldiers, who did the mischief, to which the crowd assented by shouts.

Medary responded by asking if his loyalty to his country had been doubted. Cries of "No, no." If it had, his devotion to the cause of liberty should not be doubted hereafter. He had not expected a return for the little loss he had experienced and was very grateful.

He counseled submission to law and order. This little ebullition of feeling would soon be over; it was best not to be hasty. There was time enough yet to observe the treason of the despot, if he should make his approaches upon them. They had no quarrel with the officers or soldiers of the army, who were called out for the patriotic purpose of defending the Constitution and the Government and laws.

Those standing behind, in ambush—the civil authority—desire to mislead and betray them to deeds of violence, to gratify passion. Upon their own heads be the results. The soldiers, having been forbidden to read his paper, only knew of its character by attacks upon it, were not so much to blame. He begged that no resentment should be wrought upon them.

The crowd here groaned for the 2d Cavalry, who are said to have participated in the violence. The old man closed pathetically, by thanking the crowd for the demonstration, shedding tears like a child, and bidding them farewell while he should retire to his little family. Joining the manifestation to-night would protect him till morning from the danger of the assassin.

Many and repeated cries for Sayler followed, but Sayler didn't show himself promptly, although he was near by. His personal friends comforted themselves for a few moments that he had the nerve to withstand a call; but they were disappointed, for a few more calls brought him to the stand. He began his remarks by characterizing the Democratic party as the law and order party, and ran into a strain of anecdotes, happily putting the crowd into a good humor, when we left.

There is little probability of any disturbance.

### The Copper Mines of Lake Superior.

As the rich copper region which has been gradually opening in the region of Lake Superior is assuming considerable importance among the capitalists of this and other cities at the present time, we have been at some pains to obtain the following statistics respecting some of them:

Out of the twenty-six companies now working, six are paying dividends, and fifteen are progressive and earning profits. The Franklin, on a capital paid in, of $100,000, and with a permanent investment in machinery, mining "plant," etc., of $270,000, has paid this year, a dividend of $4 per share, or $80,000 in the aggregate. The Pewabic has also divided $80,000 on a capital of $76,0000, besides making from the earnings of the mine, a permanent investment of $850.000. The Quincy has still a better record, having paid $140,200 in dividends, with 100,000, in the treasury, and with machinery, etc., valued at $292,000, all on a capital of $200,000 ($10 per share.) The Minnesota has paid $1,0000,000 among its stockholders, who paid in only $66,000. So, also the Cliff has paid, on an original capital of $780,000 dividends amounting to $1,600,00. This year will certainly witness the addition of two other companies to the list—the Central and Rockland, and the Pennsylvania, Ampydaloid, Bohemian, held in this city; Copper Falls, Huron, and Hancock will earn profits, or, at the least calculation, be self-sustaining.

The following will show the progressive increase in the value of the product of the Lake Superior copper mine:

| | Tons. | Worth. |
|---|---|---|
| 1859, they produced | 4,200 ingot copper. | $1,932,000 |
| 1860 " " | 5,000 " " | 2,520,000. |
| 1861 " " | 7,400 " " | 3,160,000. |
| 1862* " " | 7,000 " " | 4,200,000. |

### Another Fight on the Blackwater.

We find the following in the Philadelphia *Inquirer*:

FORTRESS MONROE, March 4th, 1863.—At a late hour last night, Gen. Peck, commanding our forces at Suffolk, sent out a force under command of Col. Samuel P. Spear, of the Eleventh Pennsylvania Volunteer Cavalry, to attack the enemy, who was reported to have crossed the Blackwater, and commenced to throw up entrenchments. Colonel Spear advanced cautiously, and found the enemy at Franklin, Logan's position:

1st. Is our army (giving name and regiment) at present in any hospital of the army of the West? If so, what is the proper address?

2d. What is the name of the Surgeon or Chaplin of the hospital?

3d. If not in hospital at present, has he recently been in hospital?

4th. If so, did he die in hospital, and at what date?

5th. If not discharged from hospital, was he discharged from service?

6th. If not, what were his orders on leaving?

The Commission will also furnish more specific information as to the condition of any patient in the General Hospitals, within as short a space of time possible, after a request to do so from any of the corresponding societies.

The object of the Directory will be open daily from 9 o'clock a. m., to 8 o'clock p. m., and accessible in urgent cases at any hour of the night.

The French Emperor and the Insurrection.

Paris Correspondence of the London Times.

PARIS, Wednesday, Feb. 18.

There is an impression abroad that the Emperor views the Polish insurrection with some favor, and that he may, in conjunction with England, even demonstrate with Russia on her treatment of that unfortunate country. The grounds for that opinion are certainly slight, though perhaps not without significance. For instance, it is remarked that the students who were arrested a few days back for going to Prince Czartoriski's house and shouting for Poland were set at liberty soon after, without fine, imprisonment or prosecution. Prince Napoleon, too, has had an interview with the Emperor, supposed to be about Poland, and, what is especially noticed, his Imperial Highness is said to have been much pleased, and to be in good humor ever since. This, I believe, is all; but I am not sure whether the Poles themselves foundlany great expectations of intervention on it.

## PITTSBURGH PRODUCE MARKET.

OFFICE OF THE DAILY POST,
Tuesday, March 10, 1863.

**Remarks**—The weather continues changeable. Our rivers are bank full and still rising. The rise was so sudden that a portion of the property on the wharf was injured. Business was neglected, in fact there was nothing done worthy of notice. Buyers and sellers are apart in their views, and neither party seem to be willing to give way. As things look now buyers seem to have the advantage and will not purchase unless at a decline. This news from the West represent everything as dull and unsettled, and nothing like correct quotations can be given. This state of affairs cannot last long. A few days will set matter right. Flour—Market heavy, beyond a few retail sales made there was nothing done. The stock in first hands is not large, but sufficient for all ordinary purposes. There was no shipping demand. Grain—The market was not so firm, but there was but few transactions worthy of note; prices will evidently decline. Groceries—The market was heavy. The demand has fallen off and holders will have to submit to a slight decline before there will be a heavy sales. The supply in first hands ample.—Bacon steady, with a fair business doing in lots to meet the wants of the local trade. The supply is fair.

**Hides**—Sales 175 Green Salted at 11c; Dry Flint, 22@23c.

**Butter**—very firm; sales 8 bbls prime roll at 22@23c.

**Oils**—The New York quotations are as follows: Crude dull at 22@22½c. Refined, in Bond, 37@38c; Free 43@44c. Benzole declined to 45@50. Receipts 1,300 bbls. In our market the sales were: Crude 535 bbls at 21c, 10 do, packages included. Refined—Sales 50 bbls free, 53c, delivered what? 350 do; 110 do 39½c do; 150 do 39c do; 52 do 34c do; 40 do dark color, 34c do.

**Flour**—We heard of one lot of 40 bbls, Extra Family, disposed of from store at $7@7 25. Stock light.

**Eggs**—Sales 8 bbls at 20c a doz.

**Apples**—Sales of 25 bbls at $3 a barrel.

**Potatoes**—Sales of 70 bushels Apples at $1 37@1 50. Peaches—25 bushels Dried, at 3½c.

**Bacon** firm: Sales 6,000 lbs Shoulders, 7c; 3,500 lbs Plain Hams, 8½@8½c; 2,000 S. C. Hams 10½@10½c; 2,000 lbs Sides, 8c.

**Oats**—Sales of 1,500 bus to go East at 65c; market steady.

**Hay**—Sales 20 loads at $14@15.

**Sugar**—Sales 3 hhds. Orleans at 12½@12½c.

**Molasses**—Sales 10 bbls Orleans at 56c.

**Coffee**—Sales 10 bbls Rio at 34@35c.

**Cheese**—Sales 86 boxes W. R., 13@13c. 20 do Goshen 15c.

**Brooms**—Sales 42 dozen, a fair article, at $2 25 dozen.

**Whisky**—Sales 10 bbls City Rectified at 53c.

## PROVISION MARKET.

**Cincinnati.**

The produce market has hardly recovered a very definite shape after the stunning effects of the Gold collapse of yesterday, as business is limited and almost entirely local. Flour, it is said, was offered at $5 75 for Superfine, $6 50 for Extra. It is not probable that much of good brands either of these grades could be had at the figures named, but it is equally certain that sales at anything above them could not be made. Stocks in commission merchants' hands are quite generally withdrawn. Prime Red Wheat would not sell at better than $1 20. One sales at that figure was all that we heard reported. White, though held at $1 35 for best grades would not bring over $1 30. The offerings are quite light.

**Chicago**

The decline in Gold to 145 had a depressing effect on the grain markets, and prices were lower. Wheat was dull, with sales of No. 2 Spring at $1 08 at the close, which is a decline of 3@4c per bushel on yesterday's figures. No. 1 Spring sold to a limited extent at $1 20@1 22½.

## RIVER NEWS

**Cincinnati.**

The River here there is over thirty feet in the channel, but receding at the rate of fifteen inches during the twenty-four hours ending last night, while the Falls are navigable for the larger class of steamers. The Lower Ohio, Cumberland and Tennessee are in fine navigable order. With fair tonnage, freights are moderate for Pittsburgh and Nashville. Shipments are making to the former point at 30c, and to Nashville at $2 per one hundred pounds.

The Key West No. 3, from Louisville and the Emma, from the Cumberland, were the only arrivals outside of the local packets.

The Key West, No. 3, being fully laden, passed on for Pittsburgh, after discharging a few bales, &c.

The demand for the government service has nearly cleaned out all our regular and transient steamers.

The Boston left for Big Sandy last night with 300 government horses. She has a contract to take 1,500 head additional. The Wheeling packet St. Patrick is likewise in the same service, having companies (men and horses) on board, destined for Dixie. She is also receiving a lot of corn, and will leave in her Southern destination to-day.

The stern-wheel steamer Atlanta, while leaving Clarksville, on Monday night, struck the pier of railroad bridge, and was sunk. No lives lost.—The Atlanta was owned in Evansville and valued at $5,000, and insured.

The Philosophic Burner.

HAYDEN'S NEW DOUBLE-ACTING Philosophic Burner for Carbon Oil is now ready. It possesses many advantages over the Common Burners:

1. It makes a large or small light with perfect combustion and no odor.

2. It will burn any quantity of oil with equal ease.

3. It can be used with a long or short chimney.

4. It can be used as a taper night-lamp.

5. It can always be made to burn noiselessly.

6. It is more easily trimmed than any other burner.

7. It can be trimmed and lighted without removing the cone.

8. It throws all the white light above the cone. The chimney can be removed or inserted without touching the flame.

These burners are the cheapest No. 2 size, and can be put on any lamp now in use. Every person using Carbon Oil should have a Philosophic Burner. Price 25 cents; per dozen $2. No. 83 DUFFIELD street, Pittsburgh.

DR. JARVIS

Has had many years' experience in the treatment of these diseases, having been physician to the Pittsburgh Lock Hospital for a number of years, and has had under his charge over 3,000 cases, many of which had been abandoned by other physicians as incurable, and he has never failed to cure a case he undertook.

CERTIFICATES.

THERE ARE NOT MORE THAN a dozen cases of a person that has been sorely afflicted for years, but he is as easily relieved of his sufferings but he completely cured. I have been afflicted with a very malignant inflamatory complaint for years. I have called on several of our regular Physicians, but all without any benefit. I called on Doctor Jarvis, some time ago, and have taken his medicine which, however, all has done me. I am now as well as ever was. Any person wishing to see me will please call
