

The Union as it was. The Constitution as it is. FRIDAY MORNING, MARCH 27.

See First and Third Pages for Special Daily Markets and River News.

OUR WEEKLY. The Saturday Morning Post for this week is our counting room this morning. It is a capital number, with a greater variety of news than we have given for months.

OUR NEXT GOVERNOR. It is pretty generally conceded that the Democratic party of Pennsylvania, with the assistance of the conservative thousands who cannot support the radicals, will surely carry the State at our next fall's election.

FROM THE STATE CAPITAL. Harrisburg, March 26, 1863. Dear Post—But little of interest to your county section occurred in the Legislature to-day. No local bills were considered, none of which affect your citizens in any way.

Letter from Hon. Wm. Hopkins. The following letter from Hon. William Hopkins, containing his withdrawal from the contest for the gubernatorial nomination before the convention in June, will be read with interest by his friends, and its sentiments approved by every sincere lover of our Commonwealth.

Mr. Hopkins having made up his mind not to go into the contest, present his views as to the character and qualifications of a suitable nominee for the party; and in his modest and explicit declaration gives utterance to opinions at once so disinterested and proper that they cannot fail to commend themselves to the public.

HARRISBURG, March 26, 1863. To the Editors of the Patriot and Union. GENTLEMEN—Having recently made up my mind, from different causes, to withdraw from the contest for Governor, at the approaching election, I have the honor to inform you that I have no longer any interest in the contest, and that I have no longer any interest in the contest, and that I have no longer any interest in the contest.

A COSTLY WEATHER-GLASS. Sidney Smith used to say that a hot pistol friend of his in the Highlands could always tell the state of the weather by the quantity of whisky drunk during the day in his house, averring that the glass went up in the hand as the mercury in the thermometer went up in the hand.

FOR GOVERNOR OF KENTUCKY. Col. R. Jacob, a son-in-law of the late Col. Benton, in the Democratic Union candidate for Lieut. Governor of Kentucky.

PROMOTIONS FROM THE RANKS. A board of officers was being reorganized in the Army of the Potomac for the purpose of examining candidates for promotion from the ranks, and also those enlisted men who have already received commissions, several of the latter have been found not to possess the requisite qualifications for the position of commissioned officer, and their appointments will therefore be revoked.

THE LENGTH AND COST. If a man, during fifty years, chewed every two inches of solid plug tobacco (and millions do it) it will amount, at the end of that time, to nine thousand three hundred and sixty-six feet, or a mile and a quarter of tobacco, half an inch thick and two inches broad, and will cost \$1,600.

SHOT BY REBEL SOLDIERS. It is stated that a party of five rebel soldiers crossed the Potomac on the night of the 15th inst., from Shepherdstown, Va., and called out the wooden Edwards Greider, a young man who formerly belonged to their army, and after a short conversation, shot him. He died early next morning.
