Connected with the department there are 27 engineers, 27 drivers, 57 horses and 26 am bulances. The total number of fires during the year 1862 was 384.—
The total number of members of the fire department, including the active, honorary and contributing, was 12,006 at the time of writing the report. There are also seven steamers and some hand engines, not included in the above, which receive no appropriation from the city. We publish these figures to correct erroneous impressions about the Philadelphia Fire De partment, growing out of statements made when the proposed location of our steamers was under consideration.

Decrease in Oil Production. The Oil City Register gives as one reason for the excited state of the oil market last the Woodford Well, on the Tarr Farm commenced throwing water, mixed with a slight quantity of yellow oil. This well has been flowing, for some time past, about 1,000 barrels per day. The Janes Well, chose by, which was flowing between 100 and 200 barrels per day, has ceased to flow altogether. The Woodford continues to flow about 1,000 barrels, but may be counted as flowing altogether water: as the small be gladly welcomed on her arrival by many friends.

New Oil Wells.

Gone to Work.

A number of the coal diggers on the upper Menorgahela (in fact a great majority of them) have gone to work at three cents per bushel and also several hundred in the Saw Mill Run and other pits nearer the city. They seem to have made a tacit agreement to go work at three cents, but to submit to no further reduction. This is quite enough and will enable diggers to make a good living with only a few hours labor daily. This matter settled we hope to see a cerresponding reduction in the price of coal to consumers.

Facts about Brandreth's Pills. Westchester Co., N. Y., Oct. 23, 1872.)
Mr. G. Tem Evox Serldon, Editor Sing & Republican.

Dear Sim-I would state that I was induced to use BRANDRETH'S PILLS, through the recommendation of John B, Swift, of Oreton, Westchester county, who was entirely restored to health by their use. He wassick for some two years, very costive and dyspeptic, and he tried everything but was not relieved. Finally, he took one Brenderch's Pill every day for three days, and then took one Pill every day, with an occasional dose of six. In one month he was able to go to work, and in three months he was able to go to work, and in three months he was lable to go to work, and in three months he was lable to go to work, and in three months he was lable to go to work, and in three months he wall gaining 40 pounds in weight.

Yours truly, RDWARD PURDY.

Wirtchestar Conty, hs:
Edward Purdy being duly sworn, save that he resides in the town of Now Castlo; that some years ago he was very sick with a sore on his less which had been yunning for over five year; that he was also much distressed by a pain in his cheet, and besides very costive and proportie; that after trying various remedies and many physicians, he commerced using Brandreth's Fills, six to significant three times a week, and at the end of one month, the sore on his less healed, and at the end of two months he was entirely cured of contiverency, dyrepsia and pain, and hes remained well over since.
