THURSDAY MORNING, APRIL 23. LOYALTY TO THE GOVERN-

MENT, Loyalty to the government, and at the feel loth to impress it upon the attention of our readers. Who ever heard, until traband of war destined for the Confeder-the Republican party obtained centrol of the government; that opposition to the measure of an administration was treason to intertere. to the State? But our present intention is not todiscuss this question; we merely desire to show that our Republican and Abolition acquaintances exercise a liberty these places any general exemption from which they are endeavoring to prevent us the belligerent right of visitation by the cruisers of the United States, nor can they miserable wretches who areacting through secret societies, known as Union

being disloyalty to the government. But it is extraordinary that these blatent patriots, who confound loyalty with an adwill give a few pieces of testimony upon this point which can not be gainsayed by the most hypocritical abolition authority. The New York Evening Post, one of the most able journals in the country, and trumpets its own superior loyalty, does

not hesitate to say that "Thus far the military movements of the year have not been as encouraging as the masses of the people it in hoped. Has it been owing to a defect of energy, or to a defect of plan? We have failed to acquire the mininterrupted navigation of the Mississippi, though our forces have beleagure de Vicksbarg and Port Hudson, the only obstructions for many weary months; we have not reduced Charleston by means of the iron-clad fleet, which has been in preparation all winter. Hooker's grand army lies idle, as it has done since October last, on the banks of the Rappahannock! while Roscerans, after one or two brilliant, but undecisive buttles, has passed the long weeks since in securing his positions and maturing schemes for the future. Meantime the rebels, while maintaining their lines of successful defence, give signs of a new and formidable activity in North Carolina and Missis pp., Foster is cooped up, and all our garrisons along the coast are more or less menaced.

In addition to this genteel Abolition and "Thus far the military movem

In addition to this genteel Abolition authority we have the following from a

"Two years of the war have passed—two anxious, wearing, wasting dovastating years—and to the careless eye the contest seems no nearer its end than at the beginning. Events proceed in cycles, and these years have brought us round to fighting in Charleston harbor—just where we begyn.—Vast armies confront each other in Virginia, in Tennessee, in Mississippi, while smaller forces stand opposed in either Carolina, in Louisiana, and along the Southern border of Missouri; tedity a Union force surprises and overwhelms a rebel regiment or so, and to-morrow the advantage is with the other side—and, so we drift onward, apparently the sport of tide or current, ware or eddy. floating no one knows whither."

If these naragraphs were original with

"The tone which pervaded your special dispatches concerning the battle in Charleston harber, will be better understood from the explanation that they were all doctored by the Covernment

we would hear treason, disloyally, and copperhead from every abolition numscall in the neighborhood. And yet we are compelled to submit to these people's insolence and ignorance!

THE FIGHT AT CHARLESTON.

our cotemporaries very much as we would regard a contest between two athletic champions of the ring. But further ex.

than all, by the effect and pressure of public opinion in this country, pursue a course over. "wooden walls." That much alone has yet been proved by actual experience in favor of the iron-clads.

The recent events in Charleston harbor are claimed to have proved several things of importance to wit: That the make it is a same time, tell you that I look forward with any great or particular impatience to have proved several things of importance to wit: That the make it is a same time, tell you that I look forward with any great or particular impatience to have proved several things of importance to wit: That the make it is a same time, tell you that I look forward with any great or particular impatience to have proved several things of importance to with the same as that which we ourselves much the same as that which we outselves much the same as th

Laughter and cheers.].

Cheating the Government.

The Court martial of Col. D'Utassy, for alleged frauds in recruiting, brings out the fact that nearly all that description of enormous frauds have been called 'German.' The rolls for pay are made differently from those lodge and the frauce of they could be floated across the Atlantic.

Health of the Naval Academy, Commodore Blaks, Superintendent of Naval Academy, writes to the Navy partment that the fever at that institution has entirely disappeared, and the list is smaller than dozen.

Department that the fever at that institu-tion has entirely disappeared, and the sick list is smaller than during any pre-prime season.

EUROPE.

Letter fram Earl Russell Defending the Arrest, Examination and Seizures of Suspicious Vessels by American Cruisers-Lord Palmerson Pledges Himselfand Party in Favor of Nou-Intervention

IMPORTANT LETTER FROM VARI. BUSSEL. Foreign Office, April 3d, 1863. Sin: I am now directed by Earl Russell o make you acquainted with the concluequesting to be informed in regard to the right of the British vessels to trade with Motamoros, her Majesty's Government ave arrived.

The Government of the United States has clearly no right to seize British vessels bona fide bound from this country, or from any other British possession to the ports of Vera Cruz and Matamoros, or either of same time hostility to the administration them, or vice versa, unless such vessels goods, &c., suitable for a market in Dix attempt to touch at, or have an immed ate ie, and valued in the neighborhood of the destination to, some block. aded port or place, or are carriers of con

Her Majesty's Government, however cannot, without violating the rules of in-ternational law, claim for British vessels proceed upon any general assumption that such vess-is may not so act as to render their capture lawful and justifiable. Noth-League, will reflect and consider what arrant asses they are making of themselves, when they go about the city prating about the city prating about the city prating about that British vessels have been seized while engaged in a voyage amarchila langual. herence to a man in office, occasionally ade, or of carrying contraband to the Con-

this point which can not be gainsayed by the most hypocritical abolition authority. The New York Evening Post, one of the withdrawn from the consideration of the withdrawn from the consideration of the lower and the country, and the country the country the country that the country the country the country the country that the country the country the country that the country the country the country the country that the country the country the country the country that the country the country the country that the country the country the country that the country the country that the country that the country the country that the country the country that the country t prize court of the captor. After the case P entirely abolition, while it occasionally has undergone investigation, it is the duty of the prize court to restore 'any such of the prize court to restore any such prizes unlawfully made, with costs and damages, and the proper time for the interference of her Majesty's Government is, in general, when the prize courts have refused redress for a capture which the right and only 6 killed, and that out of these civities courts have been unjustified. Her Majesty's Government cannot, upon ex-parte statements, deny the belligerents in this war the exercise of those rights which, in all wars in which Great Britain has been concerned, she has claimed her the improductive of the traveners them selves, and were in no way attributable to the railways or their officials. Of railway employees and workmen 225 were in jured and 1.55 killed. Of other persons, self to exercise.

I am, sir, your most obedient humble E. T. Courlay, Esq., No. 3 Leadenhall

> Lord Palmerston on Neutrality. HE PROMISES NON-INTERVENTION FOR HIM

SELF AND HOPES IT FROM THE DERBYITES. Lord Palmerston alluded to the Amerito show that Abolitionists can say what can question, during his speech in Glasto show that Abolitionists can say what They please, and no Union League is dis could tell you that we anticipate any very They please, and no Union League is disposed to call them to account. Says Greeley:

"Two years of the war have passed—two anxious, Two years of the war have passed—two anxious, and to the two must all deplore that unhappy war. The most unhappy war of all wars is a civil war; but any interference on the

is a civil war; but any interference on the part of the nations of Europe, so far from extinguishing the flames, would, in all hi man probability, have only made it burn fiercer and with greater heat. When the passions of men are deeply enlisted in the contest in which they are engaged—when too is appropriate for any on the point of rebol regimentor so, and to-morrow the advantage is with the other side—and so we drift on ward, apparently the sport of tide or current, wave or eddy floating no one knows whither."

If these paragraphs were original with us, we would immediately have a special meeting of our Home League convened above the Mayor's office, and at the suggestion of some creature who has just the other. I think the people of the United Kingdom have judged that their Government has determined rightly in not attempting intervention. A great and

brains enough to calculate interest and collect it, an additional committee of five would be appointed to go about and encourage our citizens to suppress free discussion by discontinuing their subscriptions of the Red word of the subscription of but even here in Glasgow, and in other places, great misery has been experienced by the cessation of the supply of the great staple of our industry. But if we had attempted by forcible means to bring over that supply which, owing to the contest, has been withheld from us, I am convinced that, instead of dimnishing the pressure. we should have increased it, and should very much have increased it, and should very much have increased it. should very much have increased the evil which we intended to alleviate, and the result would have been that the country would have blamed us for having taken a wrong view, and having adopted a policy ill suited to the circumstances. I trust still that this calamitous war may soon have an end. have blamed us for having taken a wrong the dear people could bear to be told. All passages in dispatches intimating that the affair had been, not a reconnoisance in force, but an earnest attack, ending in a decisive repulse, were stricket that the only the rose-colored portions permitted to remain. The one-sided view thus given was not the one your correspondent attempted to give, and not in accordance with the facts as undervent—and all passions must have their vent—and when the results of that war Were we to publish anything like this shall have pressed more and more heavily

rangements may be made which will put an end to that dreadful bloodshed and that wide-spread desolation of which the American continent has now for nearly two The late engagement at Charleston between our iron-plated vessels and the rebelland batteries, seems to be regarded by champions of the ring. But further experiments may be necessary to settle the question, which of the two is the most powerful and destructive.

Heretofore the opinion of the world has been that stationary batteries had the advantage in a contest over any floating battery. Will the mailed ships form an exception? Professional opinion in England, after some wavering, seems to settle in favor of forts. So England feels less timid in regard to her sea coast defences as against ships in armor. But iron-plated gessels have confirmed the conviction, dications have confirmed the conviction, but that in that judgment we are not mistaken. Cheers.] And I will say this, speaking as I now do to an assembly not composed entirely of men of one political party—I will say in the spirit of an Englishman—I those who administer the affairs of the country, and that if the men who now ist opposite to us, and are politically our antagonists, though not personally our antagonists, though not personally our antagonists, though not personal feeling, but, more than all, by the effect and pressure of public opinion in this country, pursue a course

souls, are now at Berwick Bay.

The capture of the Queen of the West is most important, and I consider the whole is a victory of immense advantage to the nion cause.

NEW YORK, April 22.—The royal mail teamer Persia, from Liverpool, on the 1th, via Queenstown on the 12th inst., passed here at 11 o'clock this morning. The governments of England, France and Austria sent dispatches simultaneous. ly to Russia on the 10th inst., ralative to Poland. They are said to be friendly in their language, but all convey an intelligible warning. Active military prepara-In the House of Lords a debate has taken place on the course of the Government in allowing the building of gunboats for the rebals.

The Liverpool Chamber of Commerce have adopted resolutions calling on the Government to make the Foreign Enlist ment Act more stringent. On Friday the breadstuff market had an advancing tendency. Flour dull, and 6d lower. Wheat inactive. Corn easier.

LIVERPOOL, April 12 .- The Council of adopted a report relative to the doings of the Alabama, and the protests of the New York Chamber of Commerce. The report sets forth that the building and equipment of such vessels as the Alabama evidently contravenes the provisions of the foreign enlistment act, but that its provisions are so susceptible of easy evasion that this efficiency of the act exposes neutrality to the charge of insincerity, and establishes dan-gerous precedents, and that consequently the Chamber should memorialize the government to endeavor to concert with the

rations made by the United States Government in California, and shows that America has equal ground of complaint agains the militia measures progressing in Canada.

The Morning Post says the blockade is

the only efficient mode by which the North now carries on the war, but the maritime Photograph Albums, powers may in time have to consider how long such a mode of warfare is to endure. There is considerable activity in the Confederate loan in the London money market, it being quoted at 10 ½ per cent premium. There have also been considerable transactions on the Paris Bourse, at about similar figures.

The Shipping Gazette in an editorial points to the expediency of employing convoys for British vessels in the West Indies, and says it learns that it is the intention of France to protect the Frensh shipping in the same manner.

The monthly return of the Bank of France to protect the French shipping in the same manner. France shows an increase in cash of 33,000,000 francs. The Bourse closed dull at 69f. 85c, for rents.

MEMPHIS, TENN., April 21 .- On Saturday evening three regiments of infanty and one of cavalry left Memphis on a re-connoitering expedition, When near connoitering expedition. When near Noncens the cavalry came upon a detachment of Blythe's pebel cavalry. A fight ensued, resulting in the repulse of the rebels. Next morning the cavalry again attacked the rebels, killing twenty, wounding forty and capturing eighty. The rebels fied in great confusion across the Coldwater river. After crossing the stream they received reinforcements, and our they received reinforcements, and our troops fell back to Hernaedo. The rebels were so severely handled that they did not attempt to follow.

At Hernando we were also reinforced by a detachment of infantry and artillary

by a detachment of infantry and artillery, under Col. Bryant, who moved to the Coldwaler and attacked the rebels on the opposite side of the river. The fight lasted until sundown, and was confined chiefly to the infantry as the artillery could to the infantry, as the artillery could not be as successfully used as was desired.— Our loss was five killed and fifteen woun-ded. Colonel Bryant now holds a strong

HAVING MADE ARRANGEMENTS

It to operate before the Dental Colleges of the United States, and the various Dental Conventions for the purpose of bringing before the perfession, my Apparatus for Extracting Teeth Without Pails, I shall of necessity be obliged to be away from my office the greater part of next Spring and Summer, and that my patients up you to be the losers thereby. I have you someted with me Dr. E. J. WAYE. A Deather of well known ability in every branch of the profession, and whose elegant fillings are the mineral time of the profession wherever seet, but waye will be with me from April 1st, and will take the general charge of the office, bying and free to devote my whole attention it. Extractly if Teeth with my Apparatus, and to the mechanical part the profession. Persons who may have hitherto failed to have their Teeth extractly for want of time on my part, or from defects in the profession. Persons who may have hitherto failed to have their Teeth extractly for want of time on my part, or from defects in the profession. Persons who may have hitherto failed to have their Teeth extractly for want of time on my part, or from defects in the profession. But my my continue to the profession of the profession are accured that such difficulty no longer exists, as I have made many improvement is, and will devote my whole time to it.

References in regard to the Prainlessness and softery of the operations given if desired, and from Medical goutlamen too. Remember that cold weather is the time when the apparatus can be used to the best aiventage.
