JOHN FLACH.

Agts New York, April 23 - The paper manufacturers held a meeting yesterday and agreed to stop half of their work on writing paper and a quarter of their work on printing paper. The object of this movement is the increase of prices. Certainly one of the most effective actresses of the present day is Mrs. Emma Waller. During the week she has been playing some of her best characters to the infinite satisfaction of the public, and to night she is announced for a benefit. We advise all lovers of true dramatic art to make it a point to go. A splendid bill is offered which can not fail to please. Let her have at least one full house during her engagement.

The Invasion of the Crimea.

The first volume of A. W. Kinglake's very able history of the Crimean war, which has been looked for with such interest, has been issued by the Harpers. It will, of course, find numerous purchasers, as there is a very general desire to learn the details, well authenticated, of the movements of the great armies of Russia, France and England during that campaign.

The work is highly commended for literary ability and historical accuracy. Henry Miner, Lyon's building, has it for sale.

The greecious Dog.

A warrent he Postoffice, was not a good location for a regular merchandising business are proven to be in error by the great success of Messrs.
