A STALE DODGE RESORTED TO. We are indebted to the Gazette for the

following announcement of the latest dodge of its party in this county: "In perfect accordance with an increasing public sentiment amongst the truly loyal and patrictic people of this county, and following the example of the State Central Committee, the Republican County Executive Committee, at a meeting held on Saturday last, resolved to droper the name of that parly organization which, not only in this county, but all over these free States, was but the synonym of loyalty.

oren the name of that parly organization which, not only in this county, but all over these free States, was but the synonym of loyalty.

The action of the Executive Committee in thus giving up, for the present, their party name, is another proof—if proof were necessary—of the sincerity of the Hepublican party of this county. They have now given up everything but principle, and invite the co-operation of a truly loyal men. They recognize the only test which divides the community into parties; the only issue while the war continues—the support of the Administration in the vigorous prosecution of the War for the Union,"

What have its leaders been doing ever since the Whig party ceased to exist, but change their party name and its principles late regiment and attempting to obtain for spoils? It is doing the same thing some five hundred dollars due to said offinow; Republicanism is gone under and "loyalty" is the new name for abolitionism: "Loyal Leagues" were started as an avenue through which abolitionism might make its escape, and the Gazette claiming a virtue, for what is a necessity, is one of the holdest political assumptions of the times. Last year, it was the People's private, but it is so clear in its exposi-Union party the Democracy had to ercounter; this year, it has changed to Loyalists, which means that every one who will not support the Abolition party with a new name is of course disloyal. We hardly ! imagine that so stale and worn out an expedient is likely to prolong the existence in office of the party in power in Pennsyl-

"This committee yesterday forenoon paid their respects to the President, by whom they were received in a most cordial manner. During the interview the cause of the country and the importance of Union Leagues were freely discussed. The committee departed with the greatest encouragement, and comident that their noble association had no more true friend, or one who took more interest in their welfare and prosperity, than the Chief Magistrats of the nation. In the evening they were entertained by Colonel Forney, at bi residence on New Jersey Avenue, where they passed a few agreeable hours in company with numerous distinguished gentlemen now in this city."

CARD TO THE PUBLIC A FALSEHOOD EXPOSED

tisement has appeared in the papers here stating thas Five Gold Medals had been awarded "the Howe tewing Machine" at the late World's Fair in London, "one for the best on exhibition for all purposes and the others for superior specimens of sewing." Though aware at the time that the statement was wholly devoid of truth and a gross imposition on the public, we forbore noticing it until such time as we could get an official copy of the Report of the Judges in the matter so that we could give it a positive and authoritive contradiction. That Report, published by authority of the Commissioners of the Exhibition, is now in our possession, and shows how utterly untrue are the statements in the advertisement alluded to.

At the World's Fair the WHEFLER & WILSON Company had but a single Machine on exhibition, while of the Howe Machine there were several on hand. In the official copy of the award, which may be seen at our rooms, 27 Fifth street, it 1: stated that a Gold Medal was awarded the Howe Sawing Machine Company, not, however, because their Sewing Machine was better, or as good as others, for all purpo es, but because, in the language of the award, they exhibited "the best collection."

The "four medals" alleged to have been awarded for superior specimens of sawing, were merer awarded at all, nor did the aforesaid "superior sewing" receive even the barron complement of an "honorable mention" in the Judge's Report. Compare this with the high compliment bestowed on the WHEELER & WILSON MACHINE.
