Gold declined to \$1 40 and Silver to \$1 30; Ex Biuff, Yazoo River, May 20.-To Hon. Gideon Welles: On the morning of the 15th I came over

to Yazoo river to be ready to cooperate with Gen. Grant, leaving two of my iron clads at Red River, one at Grand Gulf, one at Carthage, three at Warrenton and two in the Yazoo, which left me a small force, still I disposed of them to the best advantage.

On the 18th at noon firing was heard in the rear of Vicksburg, which assured me that Gen. Grant was approaching the city. The cannonading was kept up furiousl for some time, when, by aid of glasses discovered a company of our artillery, ad vancing, taking a position and driving the that Gen. Sherman's division had come into the left of Snyder's Bluff and that the rebels at that place had been cut off from their forces in the city.

I dispatched the DeKalb Lt. Commander Walker, the Chostaw.

Ramsey, and the Romeo, Petrel and Forest Rose, all under command of Lt. Commander Breese, up the Yazoo to open communication in that way to Grant and Sherman, and succeeded so far and so well that in three hours we received letters from Gen's. Grant, Sherman and Steels. informing me of their vast success, and asking me to send up provisions which

was at once done.

In the meantime Lieut. Walker in the De Kalb pushed on to Haines' Bluff, which the enemy commenced evacuating the day before, and a party remained in the hopes of taking away or destroying a large amount of ammunition on hand.—When they saw the gunboats they ran and left everything in good order, guns, fort, tents and ecquage of all kinds. tents and equipage of all kinds, which fell into our hands. As soon as the capture of Haines' Bluff and 14 forts was reported to me I shoved up the gunboats from below Vicksburg to fire at Hill batteries, which fire kept up for two or three hours. At midnight they moved up to town and opened on it for about an hour and con-

tinued at intervals during the night to annoy the garrison.
On the 19th I placed six mortars in po sition, with orders to fire night and day. as rapidly as they could. The works at Haines' Bluff are very for nidable. Such net work of defences I never saw. The ebels were a year constructing them, and all were rendered useless in an hour. In a very short time a general assault will be made, when we hope to announce that Vicksburg has fallen, after a series of the most brilliant successes E W G O O DS. that ever attended an army. There has never been a case during the war when the rebels have been so successfully beaten at all points, and the patience and endurance shown by our army and navy for so many months is about to be rewarded.
