NEW YORK CATPLE MARKET. Tribune's Report. BULL'S HEAD, Monday, June 1st. Second Day.

The Close of the Market. TUESDAY, June 2nd. The close of the market this week as compared with the opening is directly the reverse of last week. Then it was regular rise from beginning to end. This week the highest rates were had before 10 o'clock and the lowest this morning. A lot of heavy, fat illinois steers, mostly grade Durhams, four and five years old, average over 8 cm, are selling at less than 11c & D. net, and in the opinion of good judges, who were several days at Albany, \$4696 a head less than the same class brought there.

Receipts this week, 8,103.

The current week since last report has been a curious one. The price then we thought the highest we had ever seen, but it was higher a day or two after and then down it two after and then down it tumbled. This was owing in some measure to the fact that the butchers went to Philadelphia and elsewhere and bought in about 2000 head of sheep, which went direct to the slaughter-peas. The price of mutton, which had been 12@16 \(\frac{1}{2} \) b. Wholesale: went down on Saturday to \$6@10. Monday morning, with very light arriva's, we found the market in Sixth street very dull and prices about 10 \(\frac{1}{2} \) b. lower than at the highest point during the week for both sheared and unsheared sheep.

Receipts this woek, 11,882. Quotations: The Superintendent of the Market, Illenry D. Cirant, gives the following as the rates to-day: corn-fed hogs, \$5, 122,495 37,47 cwt live weight; distillery-fed hogs, \$4, 50,65, Geo. W. Dorman gives the following as the price of hogs this week! The arrivals and sales of cows at Phillips' Avenue Drove Yard reach about 130 head this week. Old Ican cows sell at from \$15.047 per head.

Calves, about 30 head sold at \$25.56\$ to for 1st quality and \$40.4%c for 2d, as to weight and condition.
