Superscript of the supply tables, has conferred a blessing on our sick soldiers. Let him not stop here. Let him order the discontinuance of Bleeding," and the substitution of Brandreth's Pills in the place thereof. Then will commence a "new ern" in the practice of Medicine, which would then become emphatically THE HEALING ABT.

THE HEALING ART.

I have for thirty years taught that no diseased action could be cured by mercury or tartar emetic. That the human body could only be "made whole" by "vegetable food"—Animal food being, in fact, condensed vegetables. Brandreth's Pills should be in every military hospital. These Pills cure Billous Diarrhea, Chronic Parthea, Chronic Dysentery, and all Fovers and Affections of the Bowels, sooner and more surely than any medicine in the world. Brandreth's Pills in these cases should be taken night and morning. Read Directions and get new style. CASE OF ROSCOE K. WATSON.

Or. B. Brandreth, New York:
Sir: I was a private in Co. F, 17th Regiment
New York Yols. While at Harrison's Landing New York Vols. While at Harrison's Landing and on the Rappahannook near Falmouth, I and many of the Company were sick with bilious aiarrhea. The Army Surgeon did not cure us, and I was reduced to skin and bone. Among the company were quite a number of members who had werked in your Laboratory a Hiss. They were not sick, because they used Brandreth's Pills. These men prevailed upon me and others to use the Pills, and we were all cured in from two to five days. After this our boys used Brandreth's Pills for the typhus fever, celds, rheumatism, and in no case did they fail to restore health. Out of gratitude to you for my good health, I send you this letter, which if necessary, the entire company would sign.

I am respectfully yours.
