The elegant little two act comedy of "Naval Engagements," in which Mr. Mackay is announced to impersonate the old English Admiral, Kingston, is one of the most amusing and highly finished dramatic compositions in the language; and Mr. Mackay's representation as an artistic character actor, aided by the excellent comedians of the establishment, together with the large company of olio performers, may justly warrant his ad mirers, and the lovers of fun, in the anon of a rich intellectual treat

WASHINGTON, August 19. In order that the army may be supplied with such necessaries as come within the sutlers' province, and to preserve them from Mosby's gangs, General Meade has established a strong cavalry escort for a sutlers' train, to run weekly from Alexandria. The army sutlers are prohibited taking goods except in the caravan, which leaves each Monday, and returns Thurs

He also directs that, in view of the se vice the troops may at any time be called upon to perform, the wives of officers and soldiers, now within the lines of the army be removed forthwith.

Conscripts continue to arrive rapidly, and are sent forward to the army. Most of them are cheerful and gay, and receive a hearty welcome from the soldiers. This is to certify that for the last five years I have used in my family Dr. Tobias, celebrated Venetian Linment and in every instance have found it fully equal to his recommendations. by ordering calemel and destructive minerals from the supply tables, has conferred a blessing on our sick soldiers. Let him not stop here. Let him order the directionusnee of "Bleeding," and the substitution of Brandreth's Pills in the place thereof. Then will commence a "new era" in the practice of hiedieine, which would then become emphatically THE HEALING ART. I have for thirty years taught that no diseased action could be cured by mercury or tartar emetic. That the human body could only be "made whole" by 'vegetable food "—Animal food being, in fact, condensed vogetables. Brandreth's Pil's should be in every military hespital. These Pills cure Bilious Distribes, Chronic harrhen, Chronic Dysentery, and all Fevers and Affections of the Bowels, sooner and more surely than any medicine in the world. Brandreth's lills in these cases should be taken night and morning. Read Directions and got new style.

Dr. B. Brandreth, -New York;
Sis; I was a private in Co. F. 17th Regiment,
New York Vols. While at Harrison's Landing,
and on the Rappahannock near Falmouth. I and
many of the Company were sick with bilitous diarrhea. The Army Surgoon did not cure us, and
I was reduced to shin and bone. Among the company were quite a number of members who had
worked in your Laboratory at hing Sing. They
were not sick, because they used Brandreth's
Pills. These men provailed upon me and others
to use the Pills and we were all cured in from
two to five days. After this cur boys used Branddreth's Pills for the typhus fever, celds, rhoumatism, and in no case did they fail to rostore
health.
Cut of gratitude to you for my good health. I
