DAILY PUST.

from the U.S. Railroad and Mining Journal

NOTES BY A TRAVELER.

ing of the morn, and for the rising of the

orb whose beams bear heat and light round

the circle of the earth. Forty nine miles

were again in the Keystone State. Ar-

with cellar room underneath; the ground

loor is also to be divided into compart

menta for offices, and for resturant pur

poses for passengers the upper stories into chambers for use when trains fail to

scattered in the fleet of boats, eleven new stern wheel steamboats, double-decked,

apparently ready for machinery and joine work. We read in this sight evidences o

a revival of the river trade and of the de termination of Pittsburgh not to relax it

reliance on the Ohio river as an importan artery of commerce. Pittsburgh is iden

tified with the river system of the West and it is the interest of Pittsburgh t

maintain a good hoating equipment on the Ohio river. The manifest prosperity of

Pittsburgh, among the natural sites for cities west of the Alleghenies, possesses extraordinary facilities and advantages.—

The future of Pittsburgh unquestionably

will be guaged by its manufactures; and this interest, we believe. has always been

this interest, we beneve has always been fostered in the policy of the Pennsylvania Railroad Company, the disagreement hitherto existing having been mainly with the commission interest—that interest which in years agone did business over the

main line of public works. Pennsylva nians everywhere wish that Pittsburgh may

become a great city and take rank with St. Louis among the cities of the Missis-sippi valley, to which Pittsburgh is the

asternmost gate of entrance. The State

easternmost gate of entrance. The State has a great city on the Delaware and looks longingly and with solicitude for the rapid growth of a great city on the Ohio. Between these east and west entrepots the Pennsylvania Railroad is an artery of ac

tive and healthy commercial circulation

and a tie of that political wedlock which makes the commonwealth one community

Having had a man employed for the last six years compounding the above excellent remedies for my own practice, and having used them with uncommen success in all that time. I feel it a duty to set them before the public, as my experience leads me to think they are as near specifics as any remedies well can be for the following diseases, namely: Scrofula, Coirre, Syphilis, and all diseases that arise from an impure state of the blood. One trial will convince any person of their fitness for those diseases.
