Robbery.

Night before last a drover, stopping at Clark's tavern, in the Ninth Ward, was robbed of his pocket book, containing \$305, under the following circumstances He retired to rest at the usual hour, placing his pants, containing his pocket book, under his pillow. During the night his room was entered by some adroit thief, who managed to get his pantaloons from under his head, and thus obtained his money. The same night, in the sam e, another man was robbed of \$50. There were no other strangers stopping at the house that night, and the whole matter is involved in mystery.

Fire at New Castle. On Thursday morning about four o'clock the warehouse of Cochran & Phillips at New Castle, was destroyed by fire. It contained about \$15,000 worth of wool belonging to Isaac Phillips, and probably an equal amount purchased by Mr. Cochran for other parties, besides a large amount of grain and other goods of various kinds, all of which were destroyed. The entire loss will probably reach \$40,000. Mr. Phillips' wool was entirely insured. and about \$12,000 on the build ing. The fire was the work of an incen-diary, the safe having been blown open, and removed from the place where it usually stood.
