DAILY AND WEEKLY POST.

THE DAILY AND WEEKLY POST can hereafter be procured at the News Depots of J. W. Pittock and Frank Case, Fifth street, with or without wrappers. Daily 3 cents; Weekly 5 cents.

HABEAS CORPUS.—The following cases were before Judge McCandless yesterday morning.

The first case was that of Robert Bailey, held by Capt. Wright, as a deserter from the 17th Regiment Regular Infantry.

Mrs. Bailey, the boy's mother, testified that he enlisted against her will: that he was her only son, born in 1845, will be eighteen next December. Her husband when last heard from was in Washington City as Baggage Wagon Master. She knew he had refused him to go into the army. He enlisted under Capt. Kennedy and has been home about two weeks.

The descriptive papers were then produced, and the age given and registered was twenty-one. Captain Kennedy testified that he enlisted under him at Pittsburgh; that on his own admission he was twenty-one; that his father made no objection to his enlisting.

Captain Wright testified that Bailey was arrested some time ago by his order, and sent to Harrisburg. After performing guard duty, he was sent to Fort Lafayette, and there deserted.

Judge McCandless stated that it was doubtful whether the mother in this case had a right to make a petition for a writ of Habeas Corpus. After a few remarks by the District Attorney, in reference to the father being the only proper person to petition for the issue of the writ, it was quashed, on the ground that the mother in the case had no right to petition.

The next case was that of John McIntyre, a minor, of Co. D, 61st regiment Ohio volunteers. It was testified that he enlisted last March, a year, in Cleveland, unknown to his parents, and that he was not nineteen. He received no bounty. He was in the battles of Bull Run and Chancellorsville, and was wounded at Gettysburg, and was sent to the hospital at Philadelphia, from whence he obtained a furlough to go home. His physician, a day before his furlough expired, put him in the hospital here. He left last Monday week and was arrested by Capt. Wright, as a deserter. The District Attorney objected to the discharge, for the reason that the return of Capt. Wright had not the defendant in his charge. It was insisted in reply, that the return showed the defendant to be in his charge. The boy was discharged.

LLOYD'S R. R. EXPRESS AND TELEGRAPH MAPS.—Mr. J. W. Pittock opposite the Post Office, sends us a copy of this valuable map. It has been got up in splendid style and is sold so low as to place it in the reach of all. An examination will show at a glance its value, for we find that every station on every Railroad, every Telegraph office, every Express office, besides a large amount of interesting and instructive matter not to be found elsewhere. Every Express office, with the particular Express company to which it belongs, throughout the entire extent of the United States and the Canadas: landing places and distances along the principal rivers, and many other things which we need not enumerate, are set down in order, and ready for reference.—The owner of this useful map, and we think a copy ought to be in every merchant's office, will find that it supplies specific information respecting railroad, telegraph and express communication between place and place, which cannot be met with on any other map ever published.

THE Rochester, (N. Y.) *Democrat* says:

"A single fac has come to our knowledge relating to the strawberry crop of the past season will doubtless astonish many of our readers. A prominent fruit-grower of Western New York, from a single patch of sixteen acres, sent to market thirteen hundred bushels of strawberries of the Wilson Seedling and Triomphe de Grand varities. The entire crop was sold at an average price of one shilling per quart, realizing the snug sum of five thousand two hundred dollars, as the product of sixteen acres of ground.—We doubt whether any other sixteen acres in western New York have yielded the like sum as the single crop. They may be taken as an instance of the practicableness of thoroughly scientific fruit growing.

THE FLOGGING CASE REVIVED.—Dr. King, on Fourth street, yesterday afternoon at Alderman Donaldson's, laid a charge against Provost Marshal, J. Herron Foster, Charles McHenry, Alfred Fogle, Henry Palmer, and Charles Morrison, with an aggravated and unprovoked assault and battery on the person of Joseph Hagan. The parties will have a hearing this evening at six o'clock. We have no doubt that from the excitement, and interest created on its occurrence, the public will be on the *qui vive* for the upshot of this case.

A WASHINGTON PRINTER A REBEL SECRETARY OF STATE.—Patrick Henry Button whose name was signed as Secretary of State to the recent call of Gov. Shorter, of Alabama, for an extra session of the Legislature of that State, formerly resided in Washington (says the *Star*) and was a printer in Duff Green's office years ago. He has since edited and published one of the two newspapers in the South.

LARCENY.—Eliza Duffy, a noted vagrant, was up before Alderman Kelly, on the charge of larceny, preferred by Margaret Suckson. She was sent to jail to be dieted. Eliza a few years ago was a beautiful and respectable girl, but through the cursed agency of drink and evil associates, she has been brought to her present degraded condition.

ASSAULT AND BATTERY.—Mary McDonald, cat Elizabeth Morris on the hand with a knife. She was taken before Alderman Jones on last Tuesday and held to bail.—Both reside in the Fifth Ward.

NEAR COMPLETION.—That fine building corner of Sixth and Wood streets, will, in a few weeks be ready for the accommodation of the German Trust Company. They can be proud of their new place of business. It is an ornament to the city.

MISS CHARLOTTE CUSHMAN has expressed a wish to give one night's performance in Boston, New York, and Philadelphia, each, in aid of the Sanitary Commission. We wish she could be prevailed upon to come here.

SURETY OF THE PEACE.—Mary Hanlor lodged information at Alderman J. H. Jones, of the Fifth Ward, against John Moore, with threatening her life. Chivalric John was held to bail to answer at the next term of Court.

ASSAULT AND BATTERY.—Alderman Jones, had Curly Minor arrested on Tuesday last, on oath of Patrick Finnessy, with aggravated assault and battery. Curly was held to bail.

REPAIRING THE TRACK.—Workmen are employed in reparing the track of the Pennsylvania Railroad at the foot of Washington street. It will be completed in a few days.

For the Post.

FRANKLIN puzzled the savans of Paris by propounding the query—Why, if a fish weighing, say two pounds, is placed in a vessel partly filled with water, the vessel and contents will weigh no more after the fish is added than before? The wise men discussed the matter with gravity, writing essays upon the subject, at length appealing to Franklin for his solution. His reply was, that the vessel and contents did weigh just as much more after the fish was added as before. No one thought of trying the experiment. The lesson was useful in more ways than one.

The wine glass and pin experiment, however, is quite a different matter from the puzzle of Dr. Franklin—its accomplishment involves the violation of no well known natural law and involves no new philosophical fact. A very slight elevation of the water upon the broad surface at the top of the glass, amply compensates for the displacement of the narrow bottom. If the pins are dropped in vertically until they begin to appear above the surface of the water the difficulty in completing the experiment is overcome. For the interstics between the pins, form little tubes, on which, the water obeying the law of capillary attraction rises, without overflowing the edges of the glass. This will account in a measure for the apparently small rise of water on the surface. It is interesting to witness the water gradually rising, and without reflection it might seem that the pins did not displace a corresponding bulk of water, but such is not the fact, any apparent discrepancy must be accounted for by allowances for the deficiency in the observation of the individual making the experiment.

HOOP SKIRTS at McClelland's Auction.

SEVERE ACCIDENT.—On Saturday last, as Adam Suegle, a driver for Zug & Painter, was going home with his wagon, containing some nine trunks belonging to one of his employers, he came in contact with a passing vehicle, the shock of which threw him into the street, with some of the trunks upon him, breaking three of his ribs, whose shattered points pierced his lungs, causing great inflamation.—Dr. Duncan, his attending physician, thinks that by care and nursing, he will be out of danger. The accident occurred on Penn street, near Hand.

MEN'S SEWED BROGANS at McClelland's Auction.

AN EYE SORE.—The ruins of the late Washington Hotel at the Canal Bridge, present a dismal, ghastly appearance. It is absolutely dangerous from the shattered condition of the walls, and the first severe storm may cause the loss of life. It either case it ought to be repaired or torn down.

LADIES' CONGRESS GAITERS at McClelland's Auction.

WIFE BEATING.—John Knox, a roller, was arrested by officer Scott, for abusing his wife, Mary Ann Knox. He was sent to jail for trial. John was left a good deal very lately, the benefit of which he is trying in so connubial a manner.

GENTS' CALF BOOTS at McClelland's Auction.

ADMITTED TO U. S. COURTS.—Capt. Justus Trees, of Westmoreland county, was, on motion of Hon. H. D. Foster, admitted to practice in the United States court.

CHILDREN'S SHOES at McClelland's Auction.

THEATRE.—Manager Henderson's energetic efforts to please and please the theatrical going public are reaping a most rewarding in the crowded and fashionable houses that nightly greet the great success—"The Duke's Signal"—at the Here. The play is replete with startling points that add fuel to burning expectations. To night, again, it will be repeated.

SABLOSKY COMPANY.—Sable's Minstrels will visit our city in a few weeks. The company this season embraces a larger number of talented artistes than the veteran minstrel has had under his direction for years. Sanford has just concluded a brilliant and successful season of four weeks at the Maryland Institute, Baltimore, the largest hall in the country. He promises an unusually good entertainment on his approaching visit.

FIRST NATIONAL BANK OF PITTSBURGH.—We noticed on Monday the new sign of the First National Bank of Pittsburgh, late Pittsburgh Trust Company. Its glittering golden face is a good omen of its future success. Her officers are accomodable gentlemen, of large experience in the banking business.

WE direct attention to the card of Frank Kelly, Alderman and Attorney at Law, in another column. He attends to the collection of accounts, and all other business connected with the profession.

LATE FOREIGN NEWS.

NEWS FROM FT. GIBSON.

Emancipation Meeting in Missouri.

&c., &c., &c., &c.

HALIFAX, September 1.—The Africa from Liverpool on the 22d via Queenstown on the 23d ult. arrived this afternoon.

Cotton firm and advanced ⅛d. Breadstuffs dull and declining, except Corn, which has an upward tendency. Provisions steady.

LONDON, August 21.—Consols closed at 93⅛@93¾ for money.

The political news is unimportant.

The American consul at Frankfort had displayed the Mexican flag. The European of that city explains that it was in pursuance of arrangements by which, in case of the overthrow of Republican authority in Mexico, President Lincoln would allow Mexico to represent in foreign countries by agents of the Washington Government. The Emperor replies to the fact in March last. Secretary Seward declared that President Lincoln and his Cabinet would never tolerate a monarchical government in Mexico, and it anticipates a war if the Emperor of France does not confine himself to indemnity and leave Mexico a republic.

GREAT BRITAIN.—Nothing is known of the movements of the Confederate privateer Florida, since she was seen at Tuscarora, on the evening of the 20th of Aug. Speculations have been afloat as to the object of the Florida's visit to British waters. One report is that it was for the purpose of taking on board Mr. Mason, who is about returning to the South.—It is announced that Mr. Mason had gone to Ireland or a visit to Earl Monoughmore.

It is announced by the last steamer that the ship Eagle had arrived at Liverpool from Bermuda, with the silver bars taken out of the American ship R. F. Hoxee, by the Florida.

The Shipping Gazette says that it is reported that the silver bars will be restored the original consignees. The silver was shipped by an English house and insured in London for the fall amount.—It is also stated that the commander of the Florida, on hearing this fact, resolved to restore it to the right owner.

The Army and Navy Gazette says it is gratifying to know that the Government is not blind to the dangers of difficulty with America, nor is it indifferent to the perils of rupture, which we trust the good sense of all respectable Americans will aid us in averting. The same journal adds: It is with no wish to flatter the great Republican tyranny which is now raising its head on the North American Continent, we again record our conviction of the ultimate success of the military means that the North has set to work to crush the heroic efforts of the South. If Gen. Lee is now able to give one knockdown blow to the federals and seize Washington, or if he should utterly route the army on the Potomac, the effect will be so great that another year will be gained, for which no one knows what gain may be secured for the confederates.—But should General Lee remain inactive and permit the federal armies to sweep around on the rear to flood the confederacy and over lap all his communication, Richmond may become a mere *caput mortuum* and the South, and all be lost.

The London Globe regards peace as still distant, but the issue not doubtful.—It says the South may be mangled and exhausted, but must win in the end.

The Confederate loan on the 21st of August rallied 1 per cent closing at 95@96 per cent.

PHILADELPHIA, Sept. 1.—The Bulletin has the following dispatch:

FORTRESS MONROE, Aug. 29.—General Wistar's cavalry has just returned to Yorktown from an expedition to Bottom's Bridge. The force engaged was part of the First New York mounted rifles, Col. Anderson's and the 70th Pa. cavalry, Lieut. Colonel Lewes. The expedition left Williamsburg on the 26th inst., and pushed through New Kent C. H., directly to Bottom's Bridge. At the latter place one rebel regiment of infantry in rifle pits was found, which was supported by a squadron of cavalry.

A charge was ordered across the bridge which the rebels took refuge behind. We lost one killed and one wounded. We captured five prisoners. The enemy left four killed, one officer, one sergeant and two men; they also left a number of their dead, &c.

LEAVENWORTH, Sept. 1.—Advices from Fort Gibson to the 24th says, General Blunt, with six thousand men and twelve pieces of artillery crossed the Arkansas River on the 3d, but the enemy declined battle and fell back. The rebel force is estimated at 7,000.

There is considerable sickness at Fort Gibson, but few deaths, however, have occurred. The small pox prevails to some extent among the Indians in that neighborhood and many had died.

It was reported at Fort Scott on the 25th, that Blunt had a battle and had been whipped with the loss of three hundred.

JEFFERSON CITY, September 1.—The radical emancipationists met here in State Convention to day and effected a permanent organization, with Judge Wells, of Cole county in charge and two Vice Presidents from each Congressional district. Four fifths of the counties in the State are represented and other delegates are yet to arrive. Candidates for Supreme Judges of the State will be nominated.

FROM WASHINGTON.

Additions to the Navy—Our Policy Touching the French Occupation of Mexico—The President's Letter to Gen. Grant.

WASHINGTON, August 31.

Official announcement is made that, notwithstanding the numerous vessels added to the navy within the past two years, the work of construction is still to go on. The Department has just decided to build another fleet of iron-clad vessels. They will be longer and more formidable than any now in the service of this or any other country—being, in fact, perfect copies of the great Ericsson's ocean ships Puritan and Dictator, now building in New York.

The official organ this morning says that it is not probable that the government will at any early day, proclaim to the country what policy it intends to pursue with respect to the occupation of Mexico by the army of France, and the overthrow of its republican form of government by the same instrumentality. Our domestic affairs are in that condition that extreme caution and reticence become the duty of the Administration, when a question of such gravity and magnitude is involved.

The following is a correct copy of President Lincoln's letter to General Grant, an inaccurate abstract of which has been published in some Western papers

"EXECUTIVE MANSION, WASHINGTON, July 13, 1863.

"*Major General Grant.*

"MY DEAR GENERAL:—I do not remember that you and I ever met, personally. I write this now as a grateful acknowledgment for the almost inestimable service you have done the country. I wish to say a word further. When you first reached the vicinity of Vicksburg, I thought you should do what you finally did march the troops across the neck, run the batteries with the transports, and thus go below; and I never had any faith, except a general hope that you knew better than I, that the Yazoo Pass expedition, and the like, could succeed. When you got below, and took Port Gibson, Grand Gulf and Jackson, I thought you should go down the river and join Gen. Banks; and when you turned northward, east of the Big Black, I thought it was a mistake. I now wish to make the personal acknowledgment that you were right and I was wrong.

"Yours, very truly,

Signed: "A. LINCOLN."

FROM FRANKFORT.

The Inauguration of Governor Bramlette—The Programme for To-morrow—Governor's Inaugural Address.

FRANKFORT, August 31, 1863.

The inauguration commences to-morrow, it promises to be very interesting. An immense crowd will be present, including many of the wealthiest and most influential citizens of Kentucky. A special train will arrive from Lexington at an early hour. Several hundred persons are expected on the train from Louisville.

At 10 o'clock, the newly elected Governor will be escorted to the State House Square by the civil and military authorities. He will be addressed on behalf of the citizens by Attorney General J. M. Harlan. The retiring Governor will then make an address, at the conclusion of which he will introduce Gov. Bramlette, who will deliver his inaugural.

The inaugural is a conservative document. It takes grounds against what Mr. Bramlette terms the madness of a certain class of people, who seek to enforce on the people of the seceded States, terms of submission that would deprive them of their rights under their State Governments and under the Constitution of the United States. He says neither reconstruction nor restoration of the Government are necessary, and Kentucky asks only for the preservation of the Union. If the rebellion had been successful, reconstruction would be necessary, but inasmuch as it is a failure, the preservation of the Union is the only task assigned to us.

He denies the right of any State to be re admitted through the form of a State Convention. There having been no successful disruption of the Government, no re admission is necessary. The insubordination of the Southern States caused the Government to substitute military for civil law. When these States lay down their arms and return to their allegiance, civil law will again be resumed. The Government should see to it that their allegiance is put into the hands of loyal men.

If, during their terms of insubordination, any violation of State Constitutions or the Constitution of the United States, has been committed, the matter must be tested in the courts of the land, after such States have laid down their arms.

Mr. Bramlette is opposed to the arming of negroes, not because he doubts the authority of the Government to make use of any means to carry on the war successfully, or because of sympathy for the rebel, but because such a measure is calculated to humiliate the pride of loyal white men, and to produce insubordination among the slaves of loyal owners. He asks, what will become of all these negroes at the close of this war? They will not be permitted to remain in the South amongst the people against whom they have been fighting, and must therefore swarm in the Northern and border States.

Towards the close of the address something is said against a party which seeks popular favor on the ground of its pretended love for liberty of speech and press and constitutional rights. Without mentioning names, he deals hard blows at the Vallandighamers of the North.

The official election returns give the entire vote for Bramlette 67,586, for Wickliffe, 17,344. The vote of the counties of Clinton, Harlan, Johnson, Letcher, Pike and Perry are thrown out, because the official returns were not made to-day.—They are border mountain counties, with no mail communication at present. The vote in Harlan county was 320 for Bramlette and 40 for Wickliffe. Perry County gave Bramlette 103, Wickliffe 6.

State Fair.

THE ELEVENTH ANNUAL EXHIBITION OF THE

PENNA. STATE AGRICULTURAL SOCIETY,

WILL BE HELD AT

NORRISTOWN, MONTG'Y CO., PA.,

September 29th and 30th, and October 1st and 2d, 1863.

NORRISTOWN IS ABOUT 17 MILES West of Philadelphia on the Schuylkill River and is accessible by Railway to every part of the State.

The ground are beautifully situated, containing 8 acres of ground with fine large buildings thereon erected, together with a large amount of sheding. The track is said to be one of the best half mile tracks in the State. The premiums are the heaviest ever offered by the Society, amounting to about $7,000. The premiums for all grades of cattle exceed $1,000, five of running down to lesser rates. Best herd not less than 15 head, first premium $40; second premium $25.

Horses for all grades the premiums exceed $1,000. The highest $100; 22 between $20 and 30, and others ranging from $15, 10 and 5. For sheep and swine the premiums range from $10 to 5 and $5.

For Poultry there is a long list of premiums from $2 to 1 each. In the following classes most liberal premiums are offered: Ploughs, Cultivators, Drills, Wagons, Reaping and Mowing Machines, Cutters, Corn Shellers, Cider Mills, Pumps, Buckets, Tin Ware, Leather and its Manufactures, Gas Fixtures, Merode Mantles, Butter, Flour, Grain and Seeds, Vegetables; and also for Domestic and Household Manufactures, Clothes, Carpets, Satinet, Sacking, sheeting, Blankets, Flannels, Shawls, Knit Goods, Needle work, &c., Bread, Cakes, Preserves, Jellies, &c.

Large premiums are offered for every variety of Fruits and Flowers. The Floral Tent will be the largest ever erected by the Society and will form one of the most attractive features of the Exhibition. Fruit, Grapes and Wine will be exhibited in this department.

The Pennsylvania Railroad and Norristown Railroad have engaged to carry articles for exhibition to and from the Exhibition freight free, requiring the forwarding freight to be paid and noted to that effect by shipper when goods are returned to the station whence shipped. It is hoped to effect the same with other important roads.

Excursions at reduced rates will be run on all the leading Railroads.

Entries can be made at the Office in Norristown after the 4th day of September. All articles must be entered on the books on or before Tuesday evening, September 29th. Exhibitors must become members. Membership $1, with four Coupon Tickets, each of which will admit one person to the Fair once.

Single Admission.....25 cts.

☞ A List of Premiums and Regulations can be had by address to the Secretary.

DR. TOBIAS' VENETIAN LINIMENT. More Testimony!

This is to certify that for the last five years I have used in my family Dr. Tobias' celebrated Venetian Liniment and in every instance have found it fully equal to his recommendations. I have found it to give almost instantaneous relief in cases of toothache, croup, bilious colic, sore throat, pain in the chest and back and rheumatism, and I cheerfully recommend its trial to every one afflicted with any of the above named diseases.

SURGEON GENERAL HAMMOND, by ordering calomel and destructive minerals from the supply tables, has conferred a blessing on our sick soldiers. Let him not stop here. Let him order the discontinuance of "Bleeding," and the substitution of Brandreth's Pills in the place thereof. Then will commence a "new era" in the practice of Medicine, which would then become emphatically

THE HEALING ART.

I have for thirty years taught that no diseased action could be cured by mercury or tartar emetic. That the human body could only be "made whole" by "vegetable food"—Animal food being, in fact, condensed vegetables. Brandreth's Pills could be in every military hospital. These Pills cure Bilious Diarrhea, Chronic Diarrhea, Chronic Dysentery, and all Fevers and Affections of the Bowels, sooner and more surely than any medicine in the world. Brandreth's Pills in these cases should be taken night and morning. Read Directions and get new style.

CASE OF ROSCOE K. WATSON.

Dr. B. Brandreth,—New York:

SIR: I was a private in Co. F, 17th Regiment, New York Vols. While at Harrison's Landing, and on the Rappahannock near Falmouth, I and many of the Company were sick with bilious diarrhea. The Army Surgeon did not cure us, and I was reduced to skin and bone. Among the company were quite a number of members who had worked in your Laboratory at Sing Sing. They were not sick, because they used Brandreth's Pills. These men prevailed upon me and others to use the Pills, and we were all cured in from two to five days. After this our boys used Brandreth's Pills for the typhus fever, colds, rheumatism, and in no case did they fail to restore health.

Out of gratitude to you for my good health, I send you this letter, which if necessary, the entire company would sign.

I am, respectfully yours,
