There are those who are dissatisfied with me. To such I would say you desire peace and Council—L. Mathews, Wm. Trich, B. Younker, Hubert Kleinman and John blame me that you do not have it. But how are we to attain it? There are but three conceivable ways-First, to suppress the rebellion by force of arms. This I am trying to do. Are you for it? If you are, so far we agree. If you are not for it, a second way is to give up the Union. I am against this. you are you should say so plainly .-If you are not for force nor yet for disso lution; there only remains some imaginable compromise. I do not believe that this season. Miss Hyatt is an actress of any compromise embracing the mainte-the Mitchell Thompson school, and can nance of the Union is now possible. All not fail to I lease all who visit Old Drury that I learn leads to a decidedly opposite belief. The strength of the rebellion is its military, its army, and that army dominstes all the country and all the people within its range. Any offer of terms made by any man or men, without that range in opposition to that army, is sim.

To illustrate, suppose refugees from the Democratic County Ticket, readers who desire a neat fine pointed and really excellent pen, should by all means try Miner's Alaminium pen. It is compromise embracing a restoration of South and peace men of the South me par excellence a ladies pen and no lady the Union, in what way can that comprosite the Union in what way can that comprosite the Union in what way can the Union in white which way can the Union in white white way can the Union in white way can the Unio mise be used to keep General Lee's ar my out of Pennsylvania? But no na per compromise, to which the controller GROVER & BARRE's Sowing Machines, for family of Gen. Lee's army are not agreed, can all Il affect that army. In an effort at an ompromise we would waste time who the enemy would improve to our disad antage, and that would be all. A compromise to be effective must be made ther with those who control the rebel army or with the people first liberated com the dominion of that army by the success of our army. SURGEON GENERAL HAMMOND. by ordering calemel and destructive min-erals from the supply tables, has conferred a blessing on our sick soldiers. Let 'him not stop here. Let him order the discontinuance of "Bleeding," and the substitution of Brandreth's Pills in the place thereof. Them will commence a 'new era' in the practice of Medicine, which would then become emphatically THE HEALING ART.

I have for thirty years taught that no diseased action could be cured by mercury or tartar emetic. That the human body could only be "made whole" by "vegetable food"—Animalfood being, in fact, condensed vegetables. Brandreth's Pills should be in every military hospital. These Pills cure Bilicus Diarrhea, Chronic Diarrhea, Chronic Dysentery, and all Fevers and Affections of the Bowels, sconer and more surely than any medicine in the world. Brandreth's Pills in these cases should be taken night and morning. Read Directions and get new style.

CASE OF ROSCOE K, WATSON. THE ELEVENTH ANNUAL EXHIBITION

THE ELEVENTH ANNUAL EXHIBITION New York Vols. While at Harrison's Landing and on the Rappahannock near Falmouth, I and many of the Company were sick with bilious diarrhea. The Army Surgeon did not cure us, and I was reduced to skin and bone. Among the company were quite a number of members who had werked in your Laboratory at Sing Sing. They were not sick, because they used Brandreth's Pills. These men prevailed upon me and others to use the Pills, and we were all cured in from two to five days. After this our boys used Brandreth's Pills for the typing fever, colds, rheumatism, and in no case did they fail to restore health. health.

Out of gratitude to you for my good health, I send you this letter, which if necessary, the entire company would sign.

I san, respectfully yours,

ROSCOE K. WATSON, Sing Sing, N. Y.
