DAILY POST

IV.

ple with the wonders of France and of French industry; fourth, an army; by its example and its instruction. Thus, then, and naturally, by a diffusion and profusion of interests and of labor, the desire and need of firmessin the po-hitical system will be, fortified. In the great movement of our century industry and financial interests control and conduct socie?. Questions of politics disappear before social questions. Twenty years ago the opposition was republican—to day it is social. And the theory of human equality no longer assumes to reduce the it is social. And the theory of human equality no longer assumes to reduce the great to the condition of the lowly but to raise the lowly to the level of the great. The problems of general prosperity, of the increase of wages, of cheap production, of public hygiene, can be much more easily solved under a powerful government. The compire has disciplined asocialism and nut seize upon cheap as the opnortunity for

empire has disciplined socialism and put seize upon peace as the opportunity for it to use. The empire has conquered and throwing men and money upon the coun-decapitated anarchy. This it is that the empire is to do in Mexico, and this it new empire. empire is to do in Mexico, But this is cannot do securely and prop.rly until the confederate states have been 'recognized. III

If war had not broken out between the part company definitely; and for these Northern and Southern States of America Earope would not yet have been impressreasons 1. The Confederate States will be our ed with the dangers which threaten her from the power of the Union. allies, and will guarantee us against at

tack by the North. Although she become tributary to the new world Europe had taken no precan tion to prevent the consummation of a crisis which she had never foreseen, and 2. Mexico, developed by our efforts, and sheltered from the attacks of the North, will reward all our hopes. tion to prevent the consummation of a crisis which she had never foreseen, and which for two years she has been endur-ing. It has cost us something to learn how uncertain is the fortune of an indus-try compelled to seek its raw materials in a single market, to all the avections and selves into Mexico, and all that we have

a single market, to all the exactions and all the vicissitudes of which it must neces gone so far to secure would be gathered sarily submit. n by the men of the North. In this respect the secession of the Contederate States is an event particularly fa-vorable to France-for England has now The American question is not one of those that can be deferred for solution to no interest in the cessation of hostilities and the consequent constitution of an inmore covenient season. It has been put to us point blank : termediary power between the federal Union and the Spanish American states. England trembles for Canada, to which nust be settled peremptorily. Every one now admits that Europe car

live in peace under a perpetual imminence of questions-Eastern, Roman, Ducal Holstein, and others-because no one car the North, after the war, may look for the compensation of its losses. The commerce of England prefits by the misforsee his way to any sharp and definite solu tion of those great international problems. Moreover, the interests disturbed by tunes of American commerce-she looks with satisfaction on the exhaustion alike of the South and of the North. She sup-plies both parties with arms, and while the southern export of cotton is suspendhose questions are either religious or po litical : they are not commercial ; and they can be discussed. Now, in politics ed she is increasing the cotton culture of India. England, then, will never take the whatever can be discussed need not be peremptorily dealt with. Time is the great allayer of political and religious emo-

initiative in recognizing the Confederate States, and the way in which our proposi tions of pacific intervention were twice re The American question, we repeat, has ceived by her, ought to dispel all doubts been peremptorily put, and it will be com-pletely answered. Now, there is no pos on this head.

on this head. France, on the other hand, cannot hope to und the cotton which her factories need elsewhere than in the South. Every at elsewhere than in the South. Every at tempt at the culture has failed, and it is The North, whether in the domain of unfortunately probable that every such arms, of ideas, or of production, cannot attempt will continue to fail. The cotton and will not absorb the South.

vassal of the North, which insists upon keeping its best customer; emancipation is merely a skillful device for entrapping the sympathies of European liberalism.
