TUESDAY MORNING, OCT. 13, 1883.

Where there is no Law there is no Freedom.

Democratic Nominations.

FOR GOVERNOR, George W. Woodward. FOR SENATE JUDGE, Walter H. Lowrie. FOR PRESIDENT JUDGE OF DISTRICT COURT, John H. Bailey.

GEN. McCLELLAN FOR WOODWARD.

An Abolition Namer Related. ORANGE, N. Y., Oct. 12, 1883.

To Hon. Chas. J. Biddle, Chairman Democratic State Central Committee.

Dear Sir: My attention has been called to an article in the Philadelphia Press, asserting that I had written to the managers of the Democratic meeting at Allentown, disapproving the objects of the meeting, and that I voted or spoke in favor of Gov. Curtis, and I am informed that similar assertions have been made throughout the State. I have been my earnest endeavor heretofore, to evade any participation in party or political course, but it is obvious that I cannot remain in silence under such misapprehensions. I therefore request you to deny that I have written any such letter as attributed to me in the Philadelphia Press. I desire to state that having some days ago had a full conversation with Judge Woodward, I find that our views agreed. I regard his election as Governor of Pennsylvania as called for by the interests of the nation. I understood Judge Woodward to be in favor of the prosecution of the war with all the means at the command of the loyal States, until the military power of the rebellion is destroyed. I understand him to be of the opinion that while the war is carried on with all possible decision and energy that the policy directing it should be in accordance with the principles of humanity and the Christian world, not injuring private rights and property, not demanded by military necessity, and recommended by humane law among civilized nations. And finally, I understand him to agree with me in the opinion that the great object of this war is the restoration of the unity of the nation, the preservation of the Constitution, and the supremacy of the laws of the country. Believing that our opinions entirely agree upon these points, I would very much like to let our protest against these infamous lies be decisive and emphatic.

THE ELECTION TO-DAY.

A Word to Democrats and Conservatives.

Our constituents, when the polls close this evening, will be upon a splendid Democratic and Conservative triumph. Never have we known the opposition to rampant tyranny to be so decided, every one seeming determined to resist further encroachments by the party in power. Every right, which we prize as freemen, has been sacrificed from us by one, until now the sanctity of the ballot-box is threatened. This last resort of the citizen must not be invaded, and the way to prevent it is to be prepared to protect it. Let every man, therefore, who approaches the polls to-day be willing and ready to allow the largest liberty to those who are entitled to vote, but let him claim the same privilege for himself. Any interference with this sacred privilege he should meet as he would an attack upon his personal honor.

Pay no attention to the bragging of our opponents, and heed not the thousand falsehoods and rumors that will be put in circulation. Remember that our opponents are in a dying condition, and are like drowning men grasping at straws to save their sinking cause. Pay no attention to telegraph rumors, because our opponents have control of the wires, and of the eastern telegraphic agencies. Go to the polls early and see fair play: poll all the votes you can legally and the result will be the triumphant and overwhelming rout of Abolitionism in Pennsylvania. Then, arise, ye Democrats and Conservatives, who prefer the Union as it is, to Abolition experiments in amalgamation with uneducated negroes; march to the polls in solid column and let your battle cry be the Constitution, the Union, Woodward and Victory!

THE MEN WHO WANT THE WAR TO GO ON.

All the Abolitionists, who want slavery torn out root and branch, even if the country is ruined, want the war to go on, but they don't want to help. All the Federal Assessors, who make three and four dollars a day, want the war to go on, but they don't want to help. All the tax collectors, who get ten per cent on commutation money, want the war to go on, if it takes every man—but themselves.

"MEN OF PENNSYLVANIA"

For the last time we appeal to you, to come up to the defense of your country. Years ago, when the Government was wasting in quietness and peace, the political issues were as nothing compared with those of to-day. The result of the contest of to-day, will go far in settling the history of your country.

THE DESPERATION OF DEFEAT.

It used to be considered an offense against propriety, at least, for office holders to take a noisy and prominent part in political contests. But how this has changed, in the estimation of those who would cry themselves hoarse with the declamations of a post office holder!

A CABINET OFFICER ON ABOLITION TRENDS.

We have demonstrated over and over again that the Abolition leaders were playing into the hands of the Southern States. Both extremes are opposed to the general interests of the nation.

GEN. McCLELLAN FOR WOODWARD.

The Philadelphia Press and other Abolition papers have recently stated that the gallant hero of the Peninsula, of South Mountain and Antietam, favored the election of Curtis. It is unqualifyingly false. Gen. McClellan, if a voter in this State, would vote for Woodward. He takes no part in politics, but his sense of duty and his love for his country are plainly expressed in the following letter to the late Democratic meeting at Lewisburg, 1861.

RESULTS OF THE CONSTITUTIONAL CONVENTION.

As a result of the Convention, the people have shown their preference for the Constitution as it is, and have rejected the proposals of the Abolitionists.

THE PENNSYLVANIA RAILROAD.

We take great pleasure in publishing the resolutions adopted by the Board of Directors of the Pennsylvania Railroad Company on the 24 May, 1880, and recently posted up in the offices, stations and shops of the company.

At a meeting of the Board of Directors, held May 24, 1880, the following Resolutions were adopted: Whereas it is proper to let the fully and completely understood of this railroad company to keep all of its political and employees taking any part therein.

person claiming to vote is not found on the list furnished by the commissioners and assessor.

Every person qualified as a voter, and if he claims to have resided within the State for one year or more, his oath shall be sufficient proof thereof, and he shall make proof by at least one competent witness, who shall be a qualified elector, that he has resided in the district for more than ten days next immediately preceding said election, and shall also himself swear that his bona-fide residence, in pursuance of his lawfully calling, is within the district, and that he did not remove into said district for the purpose of voting there.

It will thus be seen that if the man is not assessed, the election officers are enjoined, and are in duty bound, to refuse his vote until he establishes his right to vote, or, if he is assessed, and his name is challenged, they must require the proof, or be liable to the penalties prescribed in a subsequent section of the law.

Naturalization of Citizens.

In the case of a naturalized citizen's vote being objected to, the only evidence to be received of his right to vote is the election officers, is the certificate of a court of record under seal, of the fact of his naturalization according to law; or, if such citizen shall have resided in the ward or district where he offers to vote for two years immediately preceding such offer, his oath shall be sufficient evidence of naturalization.

Qualification of Voters.

If a man's vote is objected to by any qualified elector of the ward or district where the vote is offered, the inspectors are directed, under the pains and penalties of the act of assembly for refusal, to require the proof prescribed before receiving such vote; and the oath of the person offering to vote is only admissible and conclusive in the cases expressly provided for in the law.

Prevention of Illegal Voting.

To prevent illegal voting and unlawful interference with elections, the law provides that, if any person not by law qualified shall fraudulently vote at any election in this Commonwealth, or be otherwise guilty of fraud, shall vote out of his proper district, or if any person knowing the want of such qualifications, shall aid or procure such person to vote, the person so offending, on conviction, shall be fined in any sum not exceeding three hundred dollars, and be imprisoned for any term not exceeding three months.

Penalties for Offenses.

If any person shall vote at more than one election district, or at more than one election, or shall fraudulently fold and deliver to the inspector two tickets together with the intent to illegally vote, or shall procure another so to do, he or they offending shall, on conviction, be fined in any sum not less than fifty nor more than five hundred dollars, and be imprisoned for any term not less than three months nor more than twelve months.

Alleged County Majorities.

We give the majorities in each Ward, Borough, Township and Precinct for Governor in 1880, and Auditor General in 1882:
