In the lists, published almost daily in the newspapers, on the arrival of the sick, it will be neglect that a very large proportion are suffering from debility. Every case of that kind can be readily cured by Hoofland's German Bitters, Diseases resulting from disorders of the diseastly organs are specificly removed. We have no headtain in stating that if these Bitters were freely used among our soldiers hundreds of lives might be saved, that otherwise will be lot.

We call patitular attention to the following remarkable and well cast. We call particular attention to the following re-markable and well authenticated cure of one of the nation's horoes, whose life, to use his own language has been saved by the Bitters. the nation's heroes, whose life, to use his own lang uage has been saved by the Bitters."

Hill Deliphil. August 23d, 1862.

Mesers. Jones & Escass.—Well, gentlemen, your Hoofinad's German Bitters has saved my life. There is no mistake in this. It is youched for by numbers of my comrades, some of whose names are appended, and who wore fully comizant of all the circumstances of my case. I am and have been for the last four year, a member of cherman's colobrated battery, under the immediate toman's colobrated battery, under the immediate the surface of dysentery. I was then the lungs and was followed by great debility, heightened by an attack of dysentery. I was then removed from the White House and sent to this city on board the extenser "State of Vaine." From which I landed on the 22th of June. Since that time I have been about as low as any one could be and sil. I retain a spark of vitality: For a week or more I was correctly able to swallow anything, and if I did a rece a morsel down, it was immediately thrown un again.

I could not even keep a glass of water on my stomach. Life could not lest under these circumstances ; and, accordingly the physiciahs who had been working inthirfully, though unsuccesfully, to recoue me from the grasp of the dread Archest, frankly told me they could do no more for me, and a lyised me to see a dergyman, and to make such algoeitien of my limited funds as best satic dime. An acquaintance who visited me at the hospital, Mr., Frederick Steinbron, of 6th below Arch Street, advised me as a froir on hope, terry y was an slawping to my bosom those who are dearest to me in life,

Very kruly, yours.

We raily sonour in the truth of the above statement, as we had despaired of socials our comrade, mr. Malone, restored to health.
