REBEL TERMS OF PEACE. An article from the Richmond Inquirer the special organ of the rebel Government, discussing the terms of peace, is attracting considerable attention; and well it may, as will be seen by the follow ing paragraph:

Save on our own terms, we can accep no peace whatever, and must fight till doomsday rather than yield an iota of them; and our terms are:
"Recognition by the enemy of the inde

pendence of the Confederate States. With-drawal of Yankee forces from every foot of Confederate ground, including Kentuc-ky and Missouri. Withdrawal of Yankee soldiers from Maryland until that State shall decide, by a free vote, whether she shall remain in the old Union, or ask admission into the Confederacy. Consent, on the part of the Federal Government, to give up to the Confed eracy its proportion of the navy as it stond at the time of secession, or to pay for the same. Yielding up all pretensions on the part of the Federal Jovernment t that portion of the old territories which lies west of the Confederate States. An equitable settlement, on the basis of our absolute independence and equal rights of all accounts of the public debt and pub lic lands, and of the advantages accruing

These provisions, we apprehend, com prise the minimum of what we must require before we lay down our arms."

The Inquirer is at present edited by JOHN MITCHEL, the erratic Irish patrict who so shamefully failed in his attempt at rebellion in Ireland. He was then a mere enthusiast, and he seems no better now. The idea of his terms of peace are ere as silly as his essays upon the weakness of the English Government in Ireland, advising his countrymen to rebel. land, advising his countrymen to rebe!.

We all know the result of that ill timed and donned a new suit on election day—and ridiculous revolt, against an organized in time to join in the hurrah for Curtin.

They will aid the volumeers who shall enter the service to tyranny, which was prepared to crush it in an hour. No man in Ireland was more filing its own nest, and has had the luxury responsible for that ridiculous proceeding of lying in it until it must have loathed than JOHN MITCHEL. Talented without itself. It is now an older and we doubt judgment, and an enthusiast beyond description, he seems incapable of learning before it furnishes corperted without not a wiser newspaper, and we hazard little in saying that it will be some time before it furnishes corperted with moderation; hence the extravagance of his performances, which were never more fantastic than those exhibited in the

paragraph above quoted.

HARD TO PLEA Notwithstanding our earnest endeavors of make ourselves acceptable to the Pitts-bareh Disnatch, we have utterly failed in to make ourselves acceptable to the Pitts. burgh Dispatch, we have utterly failed in cultivating its good opinion. An article in Wednesday's Post, in relation to the President's call for volunteers, is particularly obnoxious to our censor, and it so in forms as in good, round terms. The idlowing little paragraph, which it quotes appears to be particularly offensive: "Until the President revokes his obnexious enactments, it would be unsafe to permit Pennsylvania 'copporheads' and sympathisers with

Why our neighbor and its Abo lition coadjutors, have proved, a hundred times, that the Democrats of Pennsylvania are "copperheads" and traitors; and we insist that such "sympathisers with treason" should not be permitted to enter the army, for fear of their betraying the Union cause into the hands of Jeff Davis.
