## DAILY POST

PITTSBIRGH: THURSDAY, NOVEMBER 12, 1563.

The Union as it V. 188, The Constitution as It Is.

where there is no law there is no

HIGH LIFE AMONG CONTRACTORS ter in New York and Washington, will be the gayest ever known in either locality. This is because of the immense fortunes which have been so suddenly accumulated by persons furnishing materials for the war. Persons in both cities, and else where, who three years ago were glad to live on brown bread and consort with gipsies, now dash by in equipages of dazzling the first thing was to get something t linen, and fare sumptuously every day. upon toreign and domestic celebrities.

This class of onulent and swelling con This class of onulant and swelling con-tractors figured largely at the big ball in the sun. They did as much and what given to the Russian officers the other they pleased, manifesting no interest evening in New Yerk. They are known their valuestion if and not occurred. by the extravagance and tack of taste visthle in their costumes, the men, generally, saw was opened just before the war begun sported flashy waisteents, while their wires | but no sugar was made, and the cane reappeared to have exhausted their entire to in the ground. Another place, one wardrobes Taking it all in all, the New comprising in all 20,000 acres of land, and York demonstration of respect for Russia as far as developed, capable of producing was an epoch is that city's history. The 1.500 hogsheads of sugar, will make this Herald with commendable curiosity is been figuring up the expenses of the bac quet, and produces, for contemplation the following items and figures :

President through Lafouche, some of his men pick Lincoln, in one of his messages, endeaved dup a living negro child that had been defined through Lafouche, some of his men pick inforcements sent from the Potomac, and der Hooker, 12 000; other reinforcements.

> more, in the black race. Depth of Coal Beds.

Heath's mine, in Virginia, is represent the Ucion feeling among the South ed to contain a soal bed fitty feet in thickern people, (who were, at the begin ness; a coal bed near Wilkesbarre, Pa., ning of hostilities, numerous enough is said to be twenty five feet thick; at to have put down their rebellious neigh. Mauch Chunk is a coal bed forty to fifty bors) he permitted Abolitionism to come feet deep; and in the basin of the Schuyle by Williams. The river at Bridgeport is pel him to issue proclamations, which had kill are fifty alternate seems of coal. be effect of degroying our alines in every Southern State. And since then, he has done nothing to encourage the Union manifestations in the South. From Louisiana, North Carolina, and in fact all the southern States, we have heard of these Union demonstrations: but the only reasons they have received from the only reasons and an extends a mile, in the same country, has been solved and state and the same country, has been solved and state and the same country, has been solved and state and the same country, has been solved from the same thrown across from the North bank of the laland, has been thrown across from the North bank of the laland, has been thrown across from the North bank of the laland, and at last accounts reparations were been thrown across from the North bank of the laland, and at last accounts reparations were been thrown across from the North bank of the laland, and at last accounts reparations were been thrown across from the North bank of the laland, and at last accounts reparations were been thrown across from the North bank of the laland, and at last accounts reparations were been thrown across from the North bank of the laland, and at last accounts reparations were been thrown across from sponse they have received from the Admin mine, in the same country, has been istration is abolish elavery and then we will worked to the depth of lifteen hundred to a similar additional consider your condition. This has gone depth, without finding the bottom of the

of the general Administration. And this is the manner in which we are to have a sensedy neace.

Gentlemen arrived in Washington from the general Administration. And this Kentucky report that eighteen hundred thousand slaves have been run into George that he will reach Bridgeport before the regiments and destroying the bridges. At this rate it is not probable that he will reach Bridgeport before the regiments and cross ties, nearing and near over twenty thousand. General origination from the large brigade of colored men for the will reach Bridgeport before the regiments and destroying the bridges. At this rate it is not probable that he will reach Bridgeport before the regiments and destroying the bridges. At this rate it is not probable that he will reach Bridgeport before the regiments and destroying the bridges. rebelowners, to escape the Union troops. Great distress was occasioned by this

Louisiana Fast Becoming a Bec Three Buttared Thousand not ond Hayti. Enough. The Washington correspondent of the Chicago Times water

Or course none of the readers of The imes expect that the call just made upon his age the people for 300 000 more men for the army will be the last call for men that will be made by the present administration The war will be mismanaged in the future as it has been in the past. The same policy that has swallowed up 75,000 men the Federal officers in this department armies, as soon as they are raised, will be sometiment for them have run away, and come in two and threes sometimes in two and threes sometimes. will never be concentrated in numbers su tiesent to accomplish a grand coup. the 300 000 men are raised in time to be available for the opening of the spring campaign in 1864, they will all be used up before the fall campaign of that year closes. But the end of the war will be as far off then as now; and then, or perhaps morths before then. Mr. Lincoln will call for another 300,000 men. And these calls

themselves in power.

toreshadowed yesterday and the day before, in the manner in which the elections were conducted in Macyland. New York and Massachusetts. In all these States the utmost power of the administration was exerted, and has been exerted, in and has been exerted, in a beau possible form. It is a state of the was tirm, honest and larger possible form. every possible form, for weeks before the consistent in his principles and conduct, election, in order to secure the success of the Republican candidates (talsely called the administration and its agents greenback money is as plenty as common paper, manufactured as it is here by the ton and wagon load—and countless thous ands of it were used—without scruple to carry these elections. And what will no m anay acc. taplish, even greenback money. then there is none other in the country Other matrumentalities and agencies, too.

treely called into play; and behold there The case of Maryland is peculiar. The cost that State should be a warning t the others For as Marvland is now other, it the Republicans succeed in re and he was successively elected (feners taining their power for another term of of Brigade and Major General. For through years. Maryland is under martial successive years he was a member of the aw-has been so ever since June last. State Legislature, then Prothonotary There is no more need of it than there is the country . and, in 1841 was elected t of military despotism has been kept on the necks of her people, in order that the tauned himself and the principles of his voice of her citizen may be stifled, and party with his wonted energy and patriot that the election may be but a hollow ism. He sought no re election—his fire morkery, and a hidoous tarce, as they acceptance of the nomination for Congress hat man Scheuck, is the supreme law of with a persistency which would take to e land a Maryland. On the very eve denial the election he sened as order com. Fire naming the Provest Maishals, the creabesown creation, to arrest and

prevent ir on voting all those citizens who nerely because they are opposed to eman mount in denounced as rebil to the Constitution, and to Liberty, whe sympathicars and to require a test oath his political opponents clamored about all voters. The Governor of the State sympathy with rebellion, if they had bee inmediately issued a preclamation, commanding the judges of election to pay no ever strove to establish that was not built egard to Schenck's order, but to regard to Schetck's order, but to permit upon pure assisterested democrace repair every one to vote who by the laws of the lical actions, where could they have seen were entitled to vote; and to come found it? Do his early trials as a soldie: State, were cutified to vote; and to com-jet no man to take any test eath. Schenck of the Union, or his later labors in politi fluids which gargled down the capacious was a disaster for a year only. Since then throats of the admirers of Russia.

This ball is, we learn, but the first of a bor system, the wealth, the prespective of prospective bor system, the wealth, the prespective of prospective bor system. The prospective of the distribution of the same to take any test eath.
