From Rev. J. Nauton Brown, D. D., Editor of the Encyclopeda of neligious Knowledge.

Although not disposed to favor or recommend Parent Medicines in general, through distrust of their ingredients and effects; I yet know of no sufficient reasons why a man may not testify the behefit he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of cthers. I do this more readily in regard to Hoofland's German Bittars, prepared by Dr. O. M. Jackson, of this city, because I was prejudiced sgainst high for many years, under the impression that they were chefig an alcoholis mixture. I am indebied to my Iriend Robert Shoemaker, Eq. 10r the removal of this prejudice by proper teste, and for encouragement to try them, when suffering from great and long continued achiefly. The use of there by these of these Bitters, at the beginning of the prevent year, was followed by evident relie; and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost we paired of regaining. I therefore thank God and my friend for directing me to the use of them.
