The Great Purifier—The world Chailenged to Produce its Equal—The Blood-Searcher Oloriously Triumphant—Sworn statement of David McOreary, of Napier Township, Bed ord County:

In April, 1856. as near as I can remember, a small pin pile made its appearance on my upper lip, which soon became enlarged and sore. I used poulties of sorrel, and a wash of buryttoi, without effect. Finding the sore extending, I called on Dr. Ely, of Shelisburg, who pronounced it CAN ER, and prescribed a wash of sugar of lead and bread poultices. Finding these remedies of no avail. I called upon Dr. Shaffer, of Davidsville, Scriberst county, who slao pronounced the disease Canoer, and gave me internal and external remedies—the latter consisting princips—by of caustic—but all to no purpose, as the disease continued spreading toward the nose. I next used preparation of arsanio, in the form of salve. This for a time checked the disease, but the inflammation soon increased. I next called upon Dr. Extiler, of St. Chairsville, Beford county who also pronounced the disease clancer, and applied a salve, said to be a never falling remedy, but it had no effect whatever in checking the spread of the sore. In December, in the rame year, the disease had eaten away agregiter part of my lip, and attacked the nose, when I went to Cincinnal, where I consulted Prof. K.-R. New ton, of the Electic Medical College. Ho pronounced the disease of a cutaneous Canoer, saperinduced by an inordinate use of mercury. He applied mild zinc oin timent and gave me internal remised eas. My face healed up but the inflammation was not thoroughy removed. Dr. J. M. Lindsey: I was afflicted for a number of years with a disease, said by my physicians to be Ferofula. For the last three years I was so bad that I was unable to be out of my bed. I tried all the remedies and the bast physicians I was able to procure, without any beneficial result. I continued growing worse until the fiesh and skin were entirely eaten off the left side of my face, neck shoulder and arm. My sufferings was o great, and I was so far reduced, that if requyed the efforts of two persons to move me in bed. This was my condition when I was induced by the Mesers. Rakton, or kilderton, to try your improved blood Searcher, which, to my great relief, and the satisfaction of my friends. I acon discovered was helping me. I continued the use of it, and gained so rapedly that in considerably less than one year I was able to go about and attend to some of my household duties, and the page effected were all healed up, and covered with sound, healthy flesh and ekin, and haves continued syer intens, and all new or you attend to the stone; and I new or you attend to some of my household duties, and the page effected were all healed up, and covered with sound, healthy flesh and ekin, and haves continued syer intens, and all new or you all hope of ever again being blossed with. Being afflicted with a grisyous tetter on the arms and face—after tryiny many remedies which atterly falled to cure—I was permaded by W.M. Barris & C., to try I indicar's improved Blood-Bearcher," and now, six weeks after thing the second bottle, pronounce myself cared. The tetter broke out something over one year age, on the inside of my arms, extending from the elbows down to the wrist; also on my face, immediately around the mouth and chin, and continued to be a perfect torment to me until cared by the Blood-Searcher. My arms were at times almost a cless, owing to the deep cracks and solves on them, liable to bleed at at any time on the least-exertion to lift or work, and sometimes so itchy I could ascarely prevent tearing off my fiech. I have now been dured six weeks, and I feel it due to Mr. Lindsey, and to the public generally, to make this statement, in hope that others like myself may be benefited by u jas his invaluable meddine. 50 Cents.
