Below will be found a certificate from one of the most respectable citizens of Wilkins township in regard to Dr. Keyser's Lindsey's Blood-Searcher no one need be decented in regard to his prepara-Dr. Gro. H. Krisen: -I became afflicted with

Pilos shout twenty years ago, and every year they were growing worse, so as to trouble me very much, so much so at times as to unfit me for work. Some imes I was so bad, that I could not do anything on account of them, they came out on me as large as a hickory rut. I had tried a great doal of medicine for them. I used to buy and take whatever I could hear of or read of, in pattern. circulars and pamphie s that fell in my way, but I could not get oured, sometimes they would do me some good for, a little while, but afterwards they would return again as bad as over. I also applied to two Doctors, who visited me at my house and gave me some medicine but it would not do, I could not get well. Over a year ago, I got an advertisement of your Lindsey's Blood-Searcher, made by yourself-when you sold it to me you told me one bottle would not care me. and that my whole system would have to be renewed by the medicine before I get well. I bought one bottle and took it home with me and used it according to your directions. I then called to see you again, when you said I could not expect much benefit from one bottle. I bough it on one bottle at a time, until I had used five bottles. After this quantity had been used, I was entirely well of the piles, which had tortored me for twenty years. In other respects my health is improved, and I am as well as could be expected for one of my age, being six'y years past. I have been well now for six months, and there is no appearance of a return of the disease I can do any kind of farming work now without the piles coming down and hurting me. I can pitch hay, chop wood, lift, or de any kind of work which before used to hurt me. When I found out your blood Searcher I kept on taking it until I got entirely well. I consider it my duty to make my case known to the country for the benefit of o hers who may be suffering as I was, and do not know the value of your medicine. You
