Dr. Gro. H. KEYSER:-I became afflicted with Piles about twenty years ago, and every year they were growing worse, so as to trouble me very much, to much so at times as to unfit me for work. Some imes I was so bad, that I could not do anything on account of them, they came out on me as large as a hickory nut. I had tried a great deal of medicine for thom. I used to buy and take what ever I could hear of or read of, in circulars and pamphle's that fell in my way, but I could not get cured, sometimes they would do me some good for a little while, but afterwards they would return again as bad as ever. I also applied to two Doctors, who visited me at my house and gave me some medicine but it would not do, I could not get well. Over a year ago, I got an advertisement of your Lindsey's Blood-Searcher, made by yourself-when you sold it to me you told me one bottle would not cure me. and that my whole system would have to be renewed by the medicine before I got well. I TO BUILDERS & CONTRACTORS. bought one bottle and took it home with me and used it according to your directions. I then called to see you again, when you said I could not expect much benefit from one bottle. I bought it on, one bottle at a time, until I had used five bottles. After this quantity had been used, I was entirely well of the piles, which had tortored me for twenty years. In other respects my health is improved, and I am as well as could be expected for one of my ago, being sixty years past. I have been well now for six months, and the e is no appearance of a return of the disease I can do any kind of farming work now without the piles coming down and hurting me. I can pitch hay, chop wood, lift, or de any kind of work which before used to hurt me. When I found out your blood Searcher I kept on taking it until I got entirely well. I consider it my duty to make my case known to the country for the benefit of others who may be suffering as I was, and do not know the value of your medicine. You may publish this if you like—I live in Wilking BORLAND'S PRICES—Man's Calf Develo Selection Township, and will be pleased to satisfy any one of the truth of this certificate i they wish to call

VI EDICAL CARD

F. X. DEROLETTE, M. D., From the Medical Faculty of Paris, France, Ex Intern (Resident Physician) of Hotel Dieu, Charity Hospitals, &c. Date of Diploma, 1828. Ladles Diseases, result of nervousness and de biluty. &c., neoralgia and sick headache, (hem ierania) attended with complete success.

Ameng a certain class of self-unportant people there is a poonlar feeling of contempt attached to all physicians that advertise and treat tached to all physicians that advertise and treat the diseases named in this card. (Peir ATE Dig. EASES.) why this should be, they nor no one cless can tell. Are they not aware that all physicians treat diseases of every docomitation, in tact soict just the very diseases that are so otnoxious to these very refuel rarties. I suppose they would not let one of they family act of a party that has devoted years for the reneft, because he advertises the fact, and their family physicians says he is a handbug go he can got the case. Often he has almost deprived the party of his life. He comes at last to the physician that advertises—how else are they to know. Are they not ten he has almost deprived the party of his life. He comes at last to the physician that advertises—how else are they to know. Are they not aware that hir As-ley Company the life, and devoted years in the troutement of their diseases. These men are held up as shining lights in the medical wolld. I don't assert that all men are worthy that rublish, still there are a great number of them that are. I have devoted myself to the study and treatment of Partyra Diseases upwards of (40) years, and without egotim can say I have seved hundreds from years of ursery and untimely death. My treatment is comined to the vegetable altogether, as I think it is the best and most certain. It is in my jower to bring hundredy of certificates if I thought it necessary to certify to my general success; but my lung residence, in this city is sufficient proof without adding more. Spermatorrhea and all diseases arising from it are cured in a much shorter time than heretofore. It behooves every young man and w man to be careful in selecting a physician. The different advertisements that are seen in our pape, a are of no worth, and no benefit will arise from enswery than only loss of health and money. Hundreds are cured annually with my rew romedies.
