PARTICULAR NOTICE.

There are many preparations sold under the name of Bitters, put up in quart boiles, compounded of the cheapest whisky or common rum, costing from 10 to 40 cents per gallon, the taste dispuised by Antrice and the cases of Bitters has caused and will continue to dictive the death of the armkard. By their use the sold must be death of the armkard. By their use the species we kept continually under the influence of Alicanor is continually under the influence of Alicanor is created and kept up, and the result is all the horrors attendant upon a drunkard's life and life the horrors attendant upon a drunkard's life and life the horrors attendant upon a drunkard's life and life the life the horrors attendant upon a drunkard upon mix with Three Quarts of Good Brandy or Whisky, and the result will be a preparation that will far excel in medicinal virtues and true excellence any of the numerous Liquor Bitters in the market, and will cost much less. I ou will have all the virtues of Hoodland's Bitters in connection with a good article of Liquor, at a much less price than these inferior preparations will cost you.

J. NEWTON BROWN. ATTENTION SOLDIERS. We sail the attention of all against relations of friends in the army to the fact that "HOOF. LAND'S Herman Bitters" will cure nine touths of the disease induced by exposures and privations incident to camp life. In the lists, published all most daily in the newspapers, on the arrival askinesisk, it will be noticed that a very large proportion are suffering from debility. Every case of that kind can be readily cured by Hoofind's German Bitters, We have no hesitation in stiting that, if those Bitters were freely used among our tree hundreds of lives might be saved, the The proprietors are daily receiving thankful let-ters from suffictors in the army and hospitals, who have been restored to health by the use of these Bitters sent to them by their friends.
